Activity 6

Report on Parents Meet for First-Year Engineering Students A.Y. 2022-23

Introduction:

The Parents Meeting for First-Year Engineering Students for the academic year 2022-23 was conducted with the aim of establishing a strong partnership between the institution, parents, and students. This report provides an overview of the objectives, agenda, and outcomes of the meeting.

Objectives:

To familiarize parents with the academic curriculum, policies, and procedures of the institution.

To provide parents with an opportunity to interact with faculty members, administrators, and support staff.

To address any concerns or queries raised by parents regarding their child's education and well-being.

To emphasize the importance of parental involvement and support in the academic success of students.

To facilitate networking and collaboration among parents for mutual support and information exchange.

Agenda:

Welcome Address: Opening remarks by the Head of the Engineering Department or a senior administrator to welcome parents and introduce the agenda.

Overview of Academic Programs: Presentation on the engineering curriculum, course structure, and academic requirements by the departmental faculty.

Mauje: Khamshet, Pune-Mumbai Highway(NH4), Tal: Maval, Dist: Pune- 410405

Approved By A.I.C.T.E. New Delhi, Recognized by Govt. of Maharashtra, Affiliated to University of Pune

Support Services: Information session on support services available to students, including academic advising, counseling, and career guidance.

Campus Facilities Tour: Guided tour of campus facilities, laboratories, and engineering departments to showcase the resources available to students.

Interactive Sessions: Q&A sessions with faculty members, administrators, and current students to address parents' concerns and queries.

Parental Involvement: Discussion on the importance of parental involvement in supporting students' academic and personal development.

Networking and Refreshments: Networking session for parents to interact with each other, faculty members, and staff over refreshments.

Outcomes:

Enhanced Understanding: Parents gain a better understanding of the academic curriculum, support services, and campus facilities available to their children.

Addressed Concerns: Parents' concerns and queries regarding their child's education and well-being are addressed by faculty members and administrators.

Increased Engagement: Parents feel more engaged and connected to the institution, fostering a sense of partnership in their child's educational journey.

Networking Opportunities: Parents have the opportunity to network with each other and establish connections for mutual support and information exchange.

Reinforced Support System: The meeting reinforces the support system for students by emphasizing the importance of parental involvement and collaboration between home and institution.

Conclusion:

The Parents Meeting for First-Year Engineering Students serves as a valuable platform for fostering collaboration and communication between the institution and parents. By providing information, addressing concerns, and promoting parental involvement, the meeting contributes to the holistic development and academic success of students. Continuous engagement and feedback from parents ensure the effectiveness and relevance of such initiatives in supporting students' educational journey.

Report on Induction Programs for First Year Students - Academic Year 2022-2023

Introduction:

Induction programs for first-year students play a pivotal role in facilitating their transition into the academic environment of an institution. These programs are designed to familiarize students with the campus culture, academic expectations, support services, and resources available to them. The Academic Year 2022-2023 witnessed a range of induction activities tailored to meet the needs of incoming first-year students.

Objective:

The primary objective of the induction programs for the academic year 2021-2022 was to ensure that first-year students feel welcomed, supported, and equipped to navigate their academic journey successfully. These programs aimed to foster a sense of belonging, provide necessary information, and instill confidence in students to adapt to the university environment effectively.

Program Overview:

Orientation Sessions: The induction programs commenced with orientation sessions where students were introduced to the university's mission, vision, and values. Key academic policies, procedures, and regulations were explained to help students understand their rights and responsibilities.

Academic Advising: Students were paired with academic advisors who guided them in selecting appropriate courses, understanding degree requirements, and planning their academic trajectory. These advising sessions were instrumental in helping students set academic goals and make informed decisions regarding their educational journey.

Mauje: Khamshet, Pune-Mumbai Highway(NH4), Tal: Maval, Dist: Pune- 410405

Approved By A.I.C.T.E. New Delhi, Recognized by Govt. of Maharashtra, Affiliated to University of Pune

Campus Tours: Guided campus tours were organized to familiarize students with various facilities, including academic buildings, libraries, laboratories, recreational areas, and student support centers. These tours allowed students to navigate the campus with confidence and discover the resources available to them.

Workshops and Seminars: Interactive workshops and seminars were conducted on topics such as time management, study skills, academic integrity, and stress management. These sessions equipped students with essential skills and strategies to excel academically and maintain overall well-being.

Peer Mentoring Programs: Peer mentoring programs paired incoming first-year students with experienced upperclassmen who provided guidance, support, and advice based on their own experiences. Peer mentors served as valuable resources for navigating campus life, academic challenges, and personal development.

Social Events and Networking Opportunities: Various social events, including welcome receptions, icebreaker activities, and networking sessions, were organized to facilitate interaction and camaraderie among students, faculty, and staff. These events fostered a sense of community and belonging among first-year students.

Evaluation and Feedback:

Feedback from participants was solicited to assess the effectiveness of the induction programs. Surveys, focus groups, and individual interviews were conducted to gather insights into students' experiences, satisfaction levels, and areas for improvement. The feedback received will be instrumental in refining future induction initiatives and ensuring that they continue to meet the evolving needs of incoming students.

Conclusion:

The induction programs for first-year students in the Academic Year 2021-2022 were instrumental in facilitating a smooth transition into university life. By providing essential

information, support services, and opportunities for engagement, these programs helped students acclimate to their new academic environment and lay a strong foundation for their collegiate experience. Continued efforts to enhance and expand induction initiatives will contribute to the success and well-being of future cohorts of first-year students.

Subject: Report of “webinar” which was held on 9th March 2022.

Respected Sir,

With reference to above mentioned subject Department of Computer Engineering has organized webinar on “on Career Guidance Webinar and Quiz Competition for Students” on 9th March 2022. We got a positive response from all participants of TE BE students who intend to get motivated on his/her placement preparation as well enhancing technical knowledge. The webinar elaborated the students about Importance of the selection of correct path for their dream career, is half done to reach your goal Our guest speaker **Mr. Sanjay Karampuri** (Senior Process Analyst at Maersk GSC & **Dr. Dhananjay S. Deshpande**, (Founder & Director, Hi-Tech Skills Ventures, Pune.)

Objectives of series:

- What are current and future emerging trends in IT industry?
- Need of upskill yourself in upcoming technology in career point of view

Dear Faculty members/Students,

Warm Greetings from SCTR's Pune Institute of Computer Technology (PICT), Pune!!!

The Department of Computer Engineering & Centre for Analytics with Intelligent Learning for Multimedia Data (CAILMD) announces online **Certificate Course on "Essentials of Data Science with Python"** commencing from **13th November to 4th December 2021**.

ABOUT COURSE:

The course aims to train the participants with the confluence of academic and industry experts with an intent to induce hands-on experience and real-world problem solving ability with the help of fast-growing field of data science.

Course Highlights:

- Contents focused on both academic rigor and industry-relevant skills.
- Live sessions & access to course material along with recorded videos.
- Hands-on exposure to analytics tools & techniques with real world case-studies.
- Capstone Projects.
- Internship opportunity with Centre for Analytics with Intelligent Learning for Multimedia Data (CAILMD), PICT, Pune.
- 30 hours complete online course.

Dear students,

This is to inform you all that you can now become the face of Internshala by applying for the **Internshala Student Partner program (ISP)**. It is a work-from-home program aimed at building the leaders of tomorrow.

Visit here to know more and apply - internshala.com/i/isp26.

Benefits for you -

- ✦ Gain work experience and build on skills from the comfort of your home
- ✦ A prestigious certificate and letter of recommendation
- ✦ Performance-based cash incentives and a chance to win iPhone 12

Eligibility - All the students (first year to final year) from any branch/stream are eligible to apply.

Applications close by 1st December '21. Also, there are no registration charges involved.

All the best!

Dear Anil Basweshwar Swami,

Greetings from ELEATION...!!!

Thanks for showing interest in ELEATION's Virtual Internship Drive for 2nd and 3rd Year Mechanical, Civil, Production and Automobile Engineering Students.

PLEASE SHARE THE BELOW DETAILS AND ALL THE 3 ATTACHMENTS WITH 2ND AND 3RD YEAR STUDENTS OF MECHANICAL, CIVIL, PRODUCTION AND AUTOMOBILE ENGINEERING BRANCH.

Please use the below YouTube link containing the video in which we have explained :

<https://youtu.be/5yanfR6G5Yc>

- ❖ Who we are ? (About ELEATION Company)
- ❖ What is CAE – Computer Aided Engineering
- ❖ Difference between CAD and CAE
- ❖ Why to learn CAE software?
- ❖ About ELEATION's Training and Internship Program
- ❖ How to Download Certificate of attendance
- ❖ How to Register and attend the ELEATION's Internship Online Test
- ❖ How to start the training and Internship Program
- ❖ Questions and Answer

Key Features of ELEATION's Virtual Internship Process :

- ❖ Complete Training on ELEATION's ANSYS Basic To Professional Training Program.
- ❖ Industrial Internship Project on CAE
- ❖ ELEATION's ANSYS Basic To Professional Training Program : Certificate.
- ❖ Internship Letter
- ❖ Letter of recommendation
- ❖ Experience letter
- ❖ Free Licensed Version Software.

Feedback Analysis

Academic Year: 2020 - 21

Semester: II

Date: 24/03/2021

Name of Topic : The Dreams
Name of Expert : Mr. Purnesh Paliwala
Time : 10:00 Am - 12:00 Noon

Students are required to rate the speaker on the following attributes using the 4-point scale.

Sr. No.	Attributes	Points (Sum of all the feedback form)	Avg. Points (Total Points/ No. of Feedback Form)
1	How was the session?	84	$(84/23)=03.67$
2	Do you think Guest speaker have adequate knowledge?	79	$(79/23)=03.44$
3	Do you think Session was helpful for you?	87	$(87/23)=03.78$
Total Count		250	Avg. of Questions: 03.63 $\{(03.63/4)*100\} = 90.75 \%$

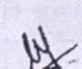

Suggestions related to the session for Improvement:

1. The Session was Excellent.
2. Arrange such events in future.

Suggestions related to the Institute/ Processes in the Institute for improvement:

1. No Suggestions
2. Arrange such events in future.

Expert Lecture-Report

Academic Year: 2020-21

Semester: II

Date: 24/03/2021

To,
The Principal,
SRTTC-FOE,
Kamshet, Pune.

Sub.: Guest Lecture on "The Dreams"

Activity Report - 2021

Respected Sir,

Suman Ramesh Tulsiani Technical Campus (VIT Khamshet), Department of civil Engineering was organized industrial guest lecture on "The Dreams", conducted by **Mr. Purnesh Paliwala Event Manager, Host & Entertainer All India Anchor, Pune.**

The expert talk was designed for **Degree Civil Engineering** students who intend to follow their dreams, their passion in Civil Engineering & also other fields.

Expert lecture was conducted on **Wednesday, 24/03/2021**. Session will conduct from 10:00 Am to 12:00 Noon for **Degree Civil Engineering** students. This guest lecture is arranged through Google Meet.

Students view on Guest Lecture:

1. To understand various resources that students can pursue in future.
2. To understand how students can chase their dreams or passion of their life.
3. To explore the non technical fields as well.

We are always to our honorable institute management, Prof. (Dr.) J. B. Sankpal, Principal, Prof. P. M. Thorat, Head of Department for their support, guidance and motivation to all of us.

No. of Beneficiaries: 32

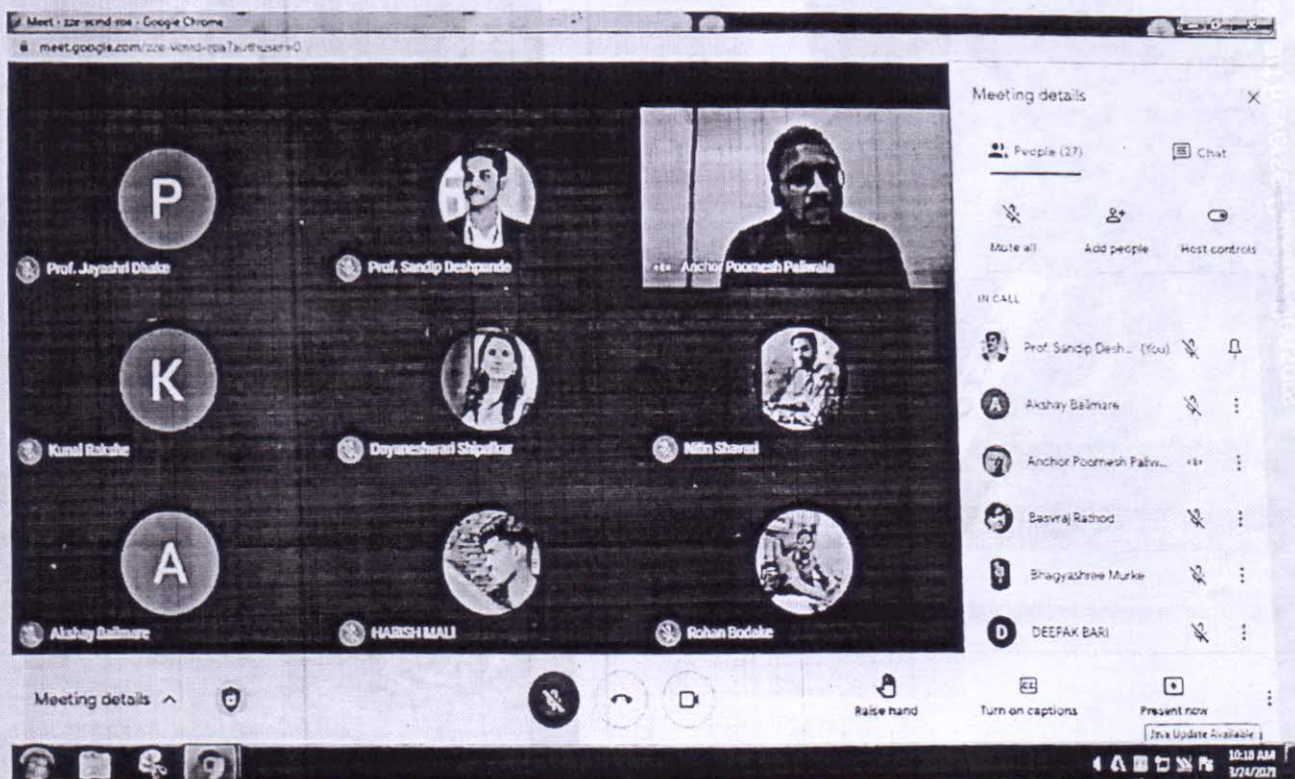

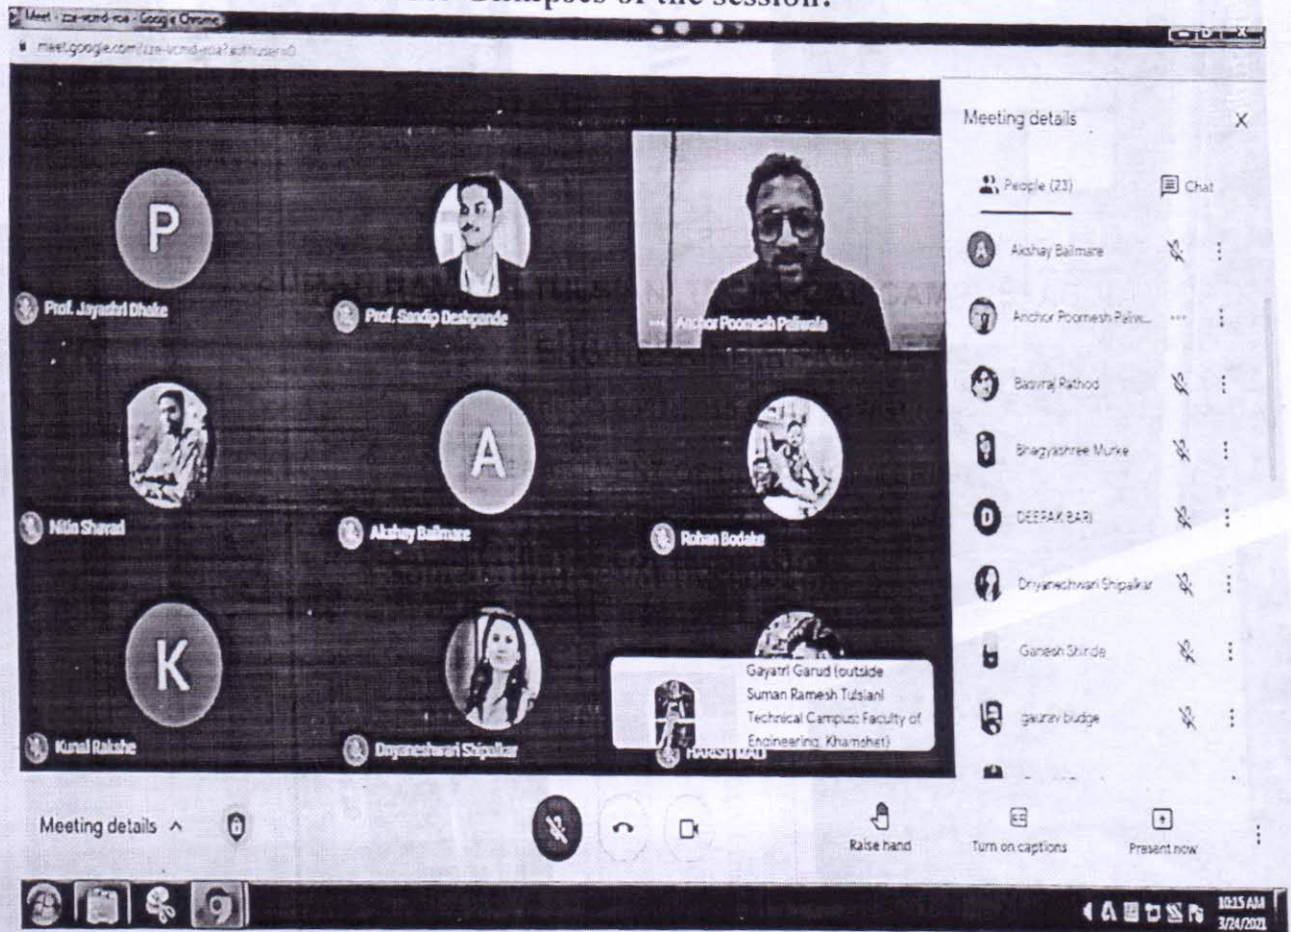

Faculty Coordinator: Prof. Sandip S. Deshpande.

Yours faithfully,

Expert Lecture Coordinator

Subject: Report of “Webinar on “Research Methodology” which was held on 17th Feb. 2021.

Respected Sir,

With reference to above mentioned subject Department of Computer Engineering has organized “Webinar on “Research Methodology” was held on 17th February 2021. We got a positive response from all participants of BE students who intend to improve on his/her research knowledge. It also focused on what are research areas and research ideas. 97 students were participated in the webinar.

Objectives of Research:

- To gain familiarity with or to achieve new insights into a phenomenon: exploratory research
- To portray accurately the characteristics of a particular individual, situation or a group: descriptive research
- To determine the frequency with which something occurs or with which it is associated with something else: diagnostic research
- To test a hypothesis of a causal relationship between variables: hypothesis-testing research
- To face the challenge in solving the unsolved problems, i.e., concern over practical problems initiates research
- To get intellectual joy of doing some creative work
- To be of service to society
- To complete research degree along with its consequential benefits

Event Report of

the workshop on "Smart Technologies In
healthcare"

In association with CSI student local chapter

Academic Year: 2020-21

Semester: II

Date:12-03-2021

The context

Department of Computer Engineering has organized the workshop on "Smart Technologies In healthcare" in association with CSI student local chapter on 12/03/2021. This program was organized for SE,TE, BE Computer Engineering students who intend to improve on his/her Machine Learning basic knowledge through industry approach. It also focused on immersive technology and its application. And also focused on basic concepts of how Block chain technology helps in smart monitoring.

Objective of the Program

- Examine how deep learning and artificial intelligence can add value to Health monitoring
- Review challenges with respect to practical implementation of deep learning/artificial intelligence offerings by existing radiology workflow and existing IT infrastructure
- Discuss strategies for preparing the Health monitoring department and IT for deep learning/artificial intelligence

Outcomes of the Program

1. Students experienced the latest smart techniques in an open session.
2. Students could learn about the technology with a dedicated expert talk
3. Imagine the future of this technology by attending guest speaker symposiums, when available.

Topics Covered in Expert Lecture

Overview of Library of smart technologies: Blockchain technology,
IoT, and Artificial Intelligence
Applications in Various Industries

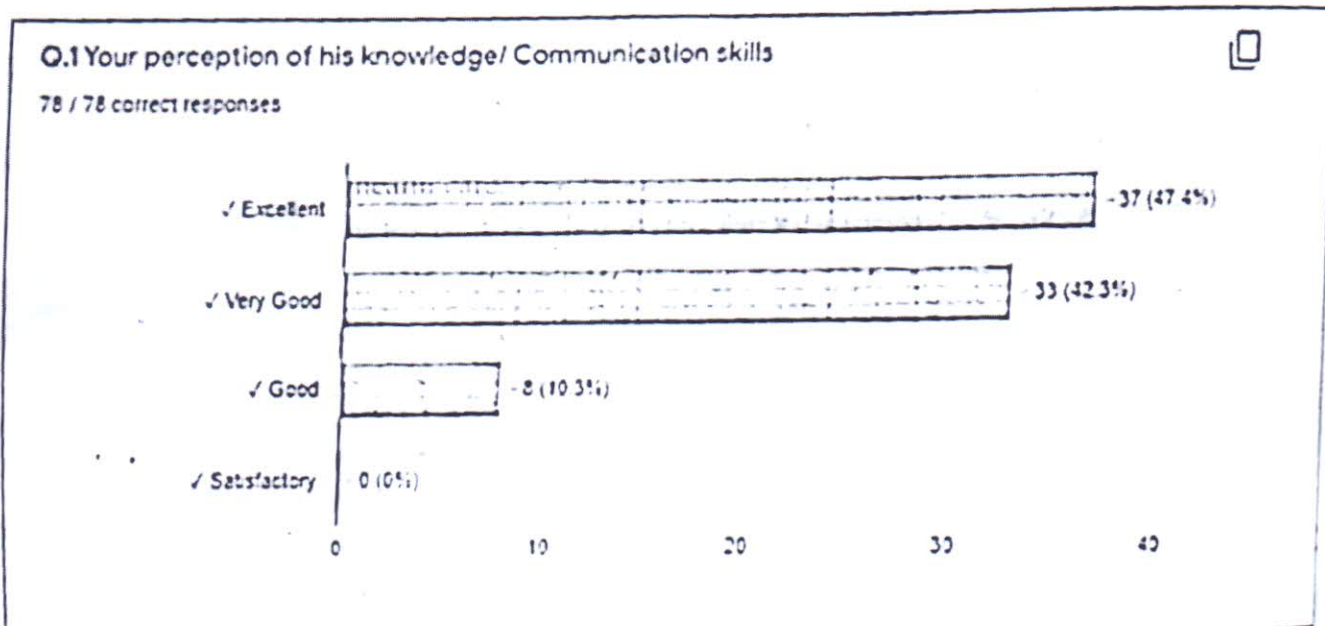

Resource Person

Dr Parul Agarwal is associated with Jamia Hamdard since 2002. MTech& PhD in Computer Engineering from IIT Bombay ,Experience: 20Years Experience

- ✓ Her area of specialization include Fuzzy Data Mining, Cloud Computing, Sustainable computing, and Soft Computing.
- ✓ Her particular interest includes applications of Sustainable Computing in Agriculture, transportation and health care.
- ✓ She has published several papers in reputed and SCI, Scopus and Elsevier indexed journals and many book chapters published by CRC press, Springer, IGI-Global are to her credit.
- ✓ She is Editor of two books.

Subject: Invitation as an expert/resource person for one day e workshop on "Smart Technologies In healthcare"

Respected Madam,

On behalf of SRTTC-FoE (Department of Computer Engineering) Khamshet Pune, we would like to invite you as a resource person for one day e workshop on "Smart Technologies In healthcare" on 12/03/2021.

Your expertise and experience will be an excellent addition for development of our students as well as faculties. We will look forward for hearing and learning from your experience. Your presence will be an honor to us.

We look forward to your positive response.

Thanking You.

Dear All,

Greetings from **Suman Ramesh Tulsiani Technical Campus!!!**

It is well said: **“Success is never an accident. It is always the result of a commitment to excellence, intelligent planning, and focused effort.”**

It gives us immense pleasure to inform you about a new **TCS “Codevita Interaction” series**. TCS Codevita Season Event 8 Toppers will be interacting with the participants of Codevita Season 9 to brief them about their experiences and help in clearing their doubts **regarding Career and Job opportunities in TCS.**

TCS is going to organize these sessions regularly so that no one misses on this opportunity. TCS the present session is planned on **17th July 2020 at 11.00 am.**

Please find below the details for today’s “Codevita Interaction Series” session:

Event Date: 17th July 2020

Event Time: 11:00 AM

Event Link :

<https://tcs2.webex.com/tcs2/onstage/g.php?MTID=e98dfbd2843d6d172d29c43df47b7c35f>

Thanking You

Thanks & Regards

Prof. Anil B. Swami

Abhinav Jadhav

Has successfully completed the internship in

Operations

from 08/06/2020 till 08/07/2020

Well done for the good job, Congratulations!

Awarded this Friday, the 10/07/2020

A handwritten signature in black ink, appearing to read 'Debi Prasad Mishra'.

DEBI PRASAD MISHRA

CEO, DIC

2) Sanmat Trust and Vayam Development Foundation

MIGRANT TRAVEL
SUPPORT NETWORK

CERTIFICATE FOR INTERNSHIP

This is to certify that Mr. Abhinav Prakash Jadhav has successfully completed the internship programme with Migrant Travel Support Network (MTSN) from 20th May to 30th June.

MTSN is a joint initiative of Sanmat Trust and Vayam Development Foundation and has been extending COVID relief to migrants across India. The approach of MTSN is to augment existing efforts through

- a) Coordination between Government bodies, NGOs, CSOs to facilitate relief work and
 - b) Providing end to end support for migrant workers through all possible channels
- MTSN has so far helped more than 20000 migrant workers and has formed a network of more than 100 organisations working across 20 states and UTs.

As part of the MTSN, he played an important role in reaching to workers in need, coordinating with NGOs and administration as well as mobilising resources. The assignment required him to demonstrate emotional resilience and empathy, problem solving ability and networking capability.

We wish him all the best for his future endeavours.

Issued on- 30th June 2020

Dear All,

Greetings from Suman Ramesh Tulsiani Technical Campus!!!

It gives us immanence pleasure to inform you that "Mahindra CIE Pvt. Ltd, Urse Talegaon, Pune" On-Campus Drive is arranged by SRTTC Campus for all BE/Diploma Mechanical Students of pass out year for 2018/ 2019/ 2020/ 2021. This on-campus drive is scheduled on 25th August 2020 at 9.30 am.

Venue for Interview: Suman Ramesh Tulsiani Technical Campus,
Old Seminar Hall (32107), Kamshet.Tal.Maval,
Dist.Pune-410405

Reporting Date and Time: 25th August 2020 from 9.30 am to 10 am

Necessary Document Required: (Important Note)

- A) Educational certificates (10th,12th, Diploma all, BE all)
- B) Aadhar card
- C) Bank passbook
- D) Medical Certificate for fitness (Code-19)

Job Profile Details: (On Roll Vacancy Under NAPS Apprenticeship)

- 1) Job Profile: Mahindra CIE Talgaon, On roll Apprenticeship Trainee Engineers (for the Quality/ Production department)
- 2) Qualification: BE/ Diploma – Mechanical/Automobile Engineering
Completed in 2018 / 2019 /2020/2021
- 3) Willing to work as Profile: On Apprenticeship roll Trainee
Engineer (On Roll Vacancy Under NAPS Apprenticeship)
- 4) Salary/Stipend: 12,500- /-
- 5) Facility: Free Transport (Bus) & Canteen
- 6) The candidate should have good English communication.
- 7) Job Location: Urse Talegaon, Pune
- 8) Duty Hours -8 Hours
- 9) Company Web: <https://www.mahindrachie.com/>

Registration Link: Register before 24th August 2020 at 10 pm.

Subject – Report on Online Webinar of Importance of Psychological Health.

Respected Sir,

During the pandemic Covid-19 situation, apart from awareness about the Physical Fitness & Health, The Department of Physical Education & Sports of SRTTC – FOE had arranged the online Webinar on **Importance of Psychological Health** on Saturday 26/09/2020 at 09.00 am. For this online webinar I had invited motivational speaker Dr. Arun Shinde as a guest lecturer.

On Saturday onwards the webinar has been started at 9.15 am, the lecturer has been introduced by me at the beginning of webinar.

He had explained the how psychological health is how much very important part of daily routine with the sports example and various incident. Additionally, he explains the benefits of exercises, the basic concept regarding psychological health, the correlation between Exercise & Psychological health. For this webinar the total no. of 23 staff members & total no. of 63 students was present there. The webinar ends with vote of thanks. It was done by Prof. Anjali M. Dalavi.

With this report I had also attached some pictures of webinar, posture of the webinar & invitational letter copy of guest lecturer for referances.

Date:02-10-2020

The context

Department of Computer Engineering has organized workshop on Webinar on "Artificial Intelligence with Deep Learning" in association with CSI student local chapter on 02/10/2020. This program was organized for all academic participants who intend to know the impact and importance of Artificial Intelligence with Deep Learning through Tensor Flow Technology approach. It also focused on emotion detection and its application. And also focused on basic concepts of how Machine Learning algorithms are used for emotion detection.

Mode of Conduction: YouTube Chanel

Objective of the Program

1. To appraise the principle of Machine Learning algorithms
2. To improve basic knowledge of Deep Learning
3. Understand which techniques and tools of Machine Learning, Neural Network will work in human emotions
4. Explore the fascinating potential of deeply immersive experiences to engage students and create compelling learning opportunities across educational programs.

Outcomes of the Program

1. Participants experienced the tools of Machine Learning like Tensor Flow in an open session.
2. Participants could learn about the new concept of Deep Learning for Emotion detection with a dedicated expert talk
3. Imagine the future of this technology by attending guest speaker symposiums, when available.

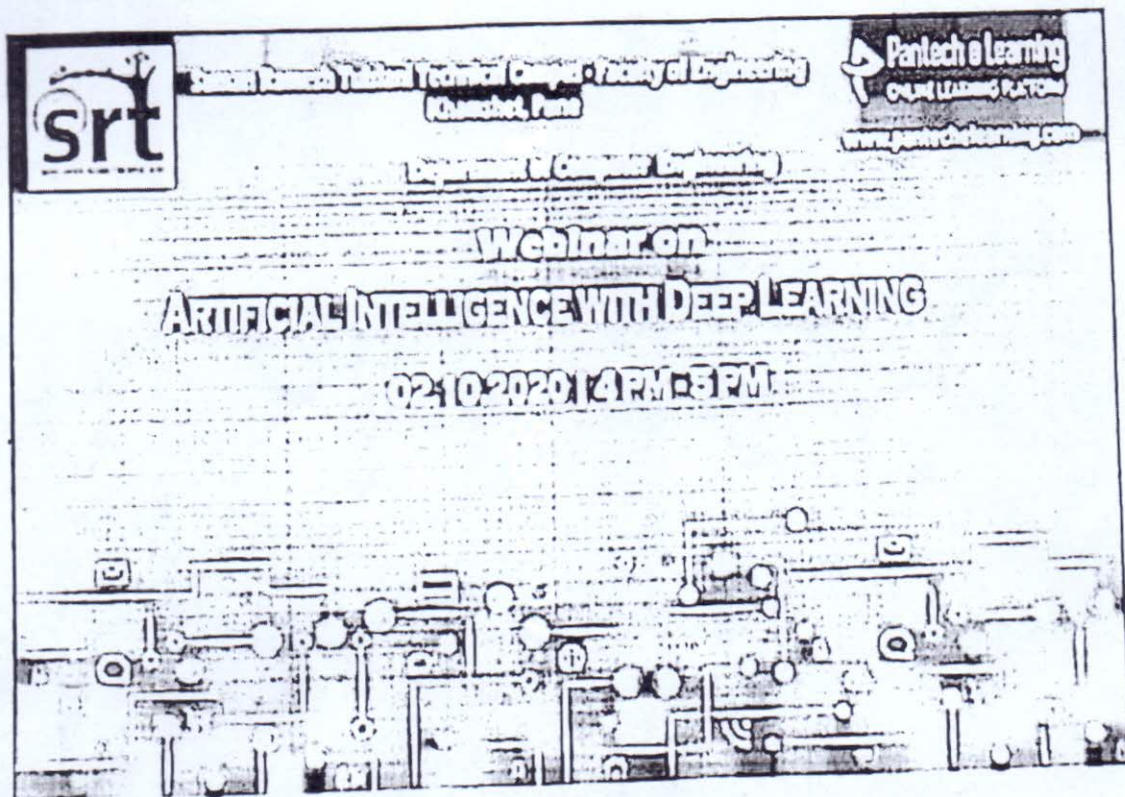

Topics Covered In Expert Lecture

• Overview of Artificial Intelligence	• Overview of Machine Learning
• Impact of emotions in life	• Importance of ML Tools Emotion detection for mentally disabled persons

Pantech E Learning: Live Webinar Series

It's with great pleasure and pride, that Suman Ramesh Tulani Technical Campus, Faculty of Engineering, Khamshet, Pune, Dept of Computer Engineering in association with Pantech launches the PANTECH - E BYTES 2020 - A LIVE Webinar session

Live knowledge sharing sessions by Industry experts on latest and trending skills and technologies.

This One Hour session will provide the participants with an insight into the latest industrial standards and applications on the desired domain.

Schedules & Domains: October 02nd, 2020 - ARTIFICIAL INTELLIGENCE WITH DEEP LEARNING

Timing: Evening 04PM to 05PM

Reg link: <https://forms.gle/WDNqG6gt71MgTC8C8>

Live Webinar Link: <https://bit.ly/3coC5DM>

Registration Free

Principal: Dr. J. B. Sankpal

Convener: Prof. Mrs. Anjali M. Dalvi, HOD

Quiz on "Artificial Intelligence with Deep Learning"

Fast RCNN:

As in the R-CNN detector, the Fast R-CNN detector also uses an algorithm like Edge Boxes to generate region proposals. Unlike the R-CNN detector, which crops and resizes region proposals, the Fast R-CNN detector processes the entire image. Whereas an R-CNN detector must classify each region, Fast R-CNN pools CNN features corresponding to each region proposal. Fast R-CNN is more efficient than R-CNN, because in the Fast R-CNN detector, the computations for overlapping regions are shared.

Subject – Report on Online Sports interaction session - Sports Ethics & value.

Respected Sir,

The Department of Physical Education & sports of SRTTC, Khamshet had organised the **Interaction session on sports & Ethics** on 3/10/2020 at 10.30am. That session was lead & guide by Mr. Ritesh Shankar Bhokare. For ethical values demonstration, during the online session the sports related videos & presentation displayed to students. In the session, benefits of sports, how Sports education improve our personality factors, these core things were explained very well. At the end of session, group discussion also taken & Some students also share their personal experienced.

The total no.59 people were participated for the session including students as well as faculty staff of SRTTC. I hereby inform you that I have attached screenshots photos copy of Activity for your reference.

Event Report of
Workshop on "Configuration of networking
devices using cisco packet tracer" in association
with CSI student local chapter

Academic Year: 2020-21

Semester: I

Date: 28-10-2020

The context

Department of Computer Engineering has organized workshop on Workshop on "Configuration of networking devices using cisco packet tracer" in association with CSI student local chapter on 28/10/2020. This program was organized for all academic participants who intend to know the impact and importance of Configuration of networking devices using cisco packet tracer with hands on session. It also focused on networking devices and its application. And also focused on basic concepts of OSI Model.

Mode of Conduction: Google Meet

Objective of the Program

1. To appraise the principle of Configuration of networking devices
2. To improve basic knowledge of Computer Network
3. Understand which techniques and method of using cisco packet tracer.
4. Explore the working of routers

Outcomes of the Program

1. Participants experienced the Configuration of networking devices using cisco packet tracer in an open session.
2. Participants could learn about the new concept of working of routers from a dedicated expert talk.
3. Imagine the future of this technology by attending guest speaker symposiums, when available.

Topics Covered In Expert Lecture

• Overview of Repeaters, Hubs , Collisions ,Bridges, Routers	• Overview of Routing Protocol
• Revision on OSI Model	• Importance of Packet Tracer

Resource Person

Resource Person : Prof. Nitin Sakhare ,VIT Pune

Brochure

Greetings from SRTCT's Suman Ramesh Tulsiani Technical Campus Faculty of Engineering Kamshet, Pune

Department of Computer Engineering organized

A Hands-on session on "Configuration of Networking Devices Using Cisco Packet Tracer" for student enhancement.

Date: 28th October 2020 Time: 10 am To 12:30 PM

Venue: online (Google meet) Registration: Free of Cost

Dear All,

Greeting from Suman Ramesh Tulsiani Technical Campus!!!

It gives us pleasure to inform you that "Yash Industry" and "Viscon Rubber Industry" are recruiting **Trainee Engineers** at Chakan, near Pune for **SRTTC BE/Diploma Mechanical Students** of pass out year for **2018/2019/2020/2021**. **Register students** should attend Interview on **03rd December 2020 at 9.30 am**. I have attached register students' responses list for your reference.

#Company Interview Venue and Details:**A) "Yash Industry, Pune "**

- 1) **Company Address Location:- Nasik highway, kuruli, behind Spicer India Ltd., Chakan, Pune 410501**
- 2) **Contact Person:- Mr. Shrimant Nikam**
- 3) **Date : 03/12/2020**
- 4) **Reporting Time: 9.30 am to 10.00 am**

B) "Viscon Rubber Industry"

- 1) **Company Address Location:- Gat No.844/3, Near TATA DLT, Waki(BK), Chakan, Pune 410501**
- 2) **Contact Person:- Mr. Sanjay Kadlag**
- 3) **Date : 03/12/2020**
- 4) **Reporting Time: 9.30 am to 10.00 am**

For any queries and details contact **Prof. Anil B Swami. (9860218534)** .

Thanking You

APF-18D	Event Report of Seminar on " Intellectual Property Rights (IPR)" in association with CSI student local chapter	Academic Year: 2019-
Issue No.:02		
Revision No: 0		Semester: II
Rev. Date: 15/06/2018		

Date:29-02-2020

The context

Department of Computer Engineering has organized Seminar on " Intellectual Property Rights (IPR)" in association with CSI student local chapter on 28/02/2020 on the occasion National Science Day. This program was organized for SE,TE, BE Computer Engineering students who intend to understand important concepts related to IPR, copyrights and patent issues. The programme included discussions on the importance of IPR and their protection, an overview on copyright systems in India, identification of IP, patenting tools, procedure. Resource person Ms.Ankita Nagarkar delivered a motivating lecture on the "Role of patent search in promoting Innovation" by explaining her published patents idea.

Objective of the Program

1. To appraise the principle of innovation
2. To promote awareness of intellectual property, as one of the most important assets
3. Understand which techniques and tools will work in IPR
4. Explore the fascinating potential in Innovation and its state of the art.

Outcomes of the Program

1. Students understood how to think on small small problems and its solution as innovation.
2. Students could learn about the technology with a dedicated expert talk

Topics Covered in Expert Lecture

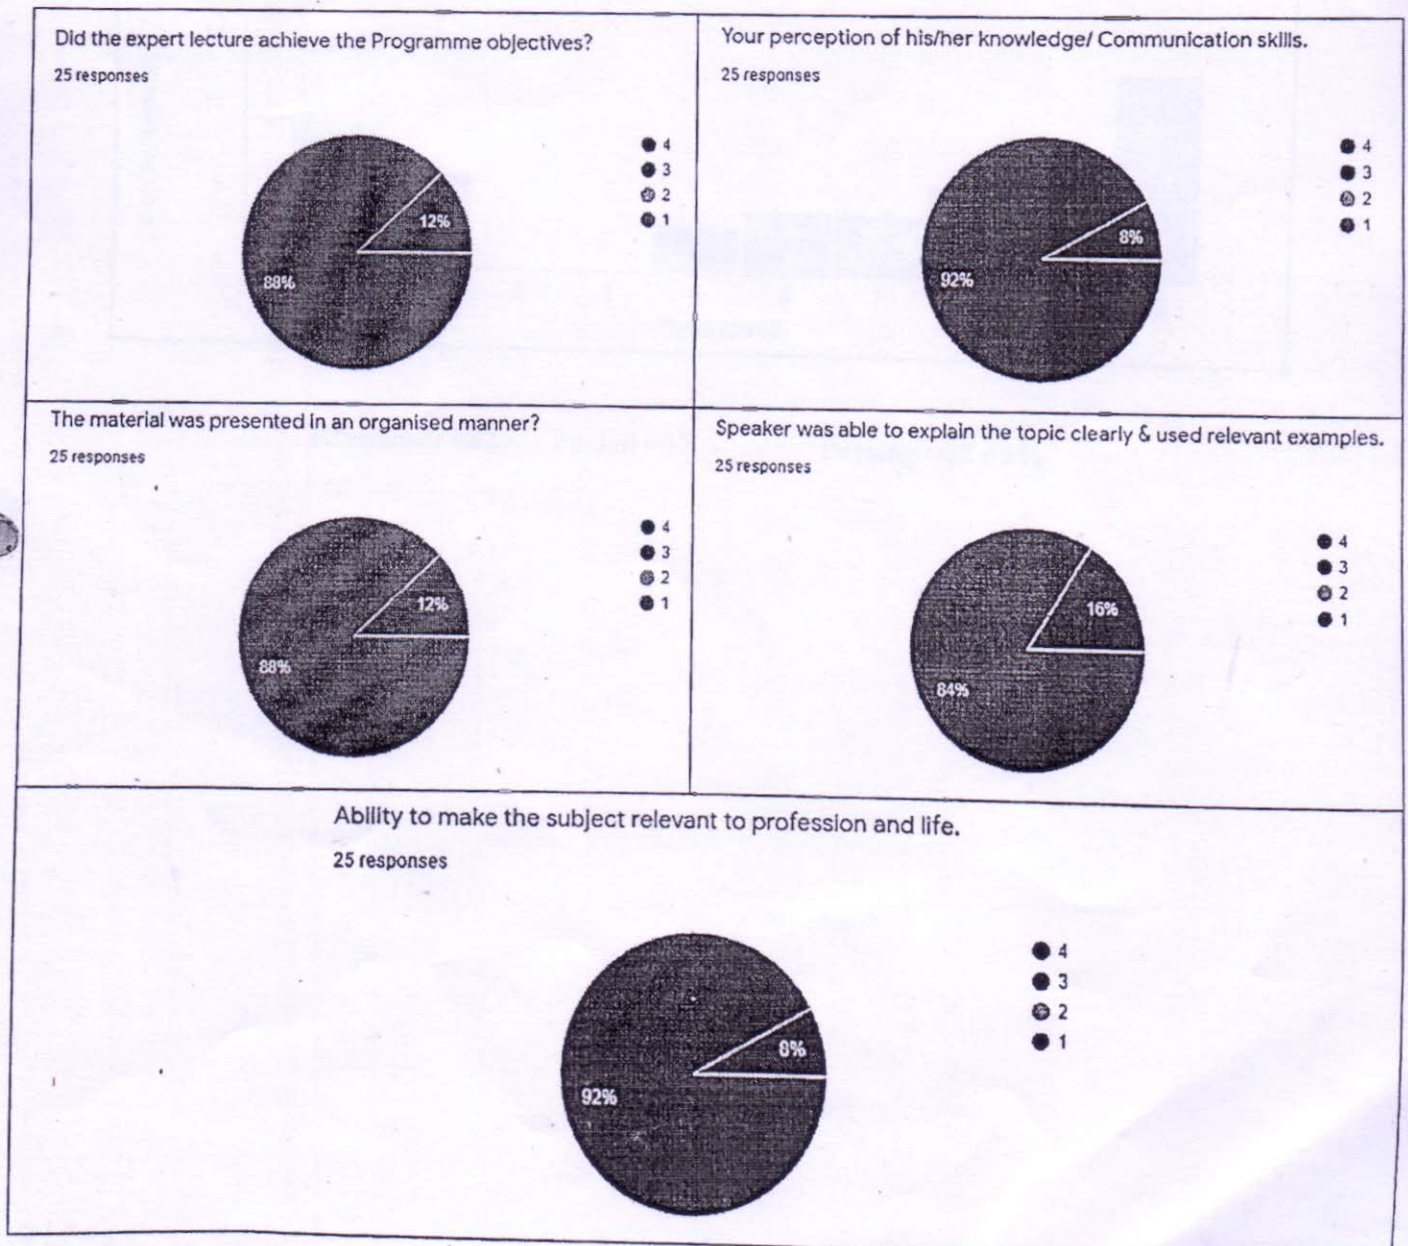

Overview of IPR
Discussion on patents, copyrights, trademark, industrial designs
Commercialization of IPR
Licensing of IPR

Resource Person

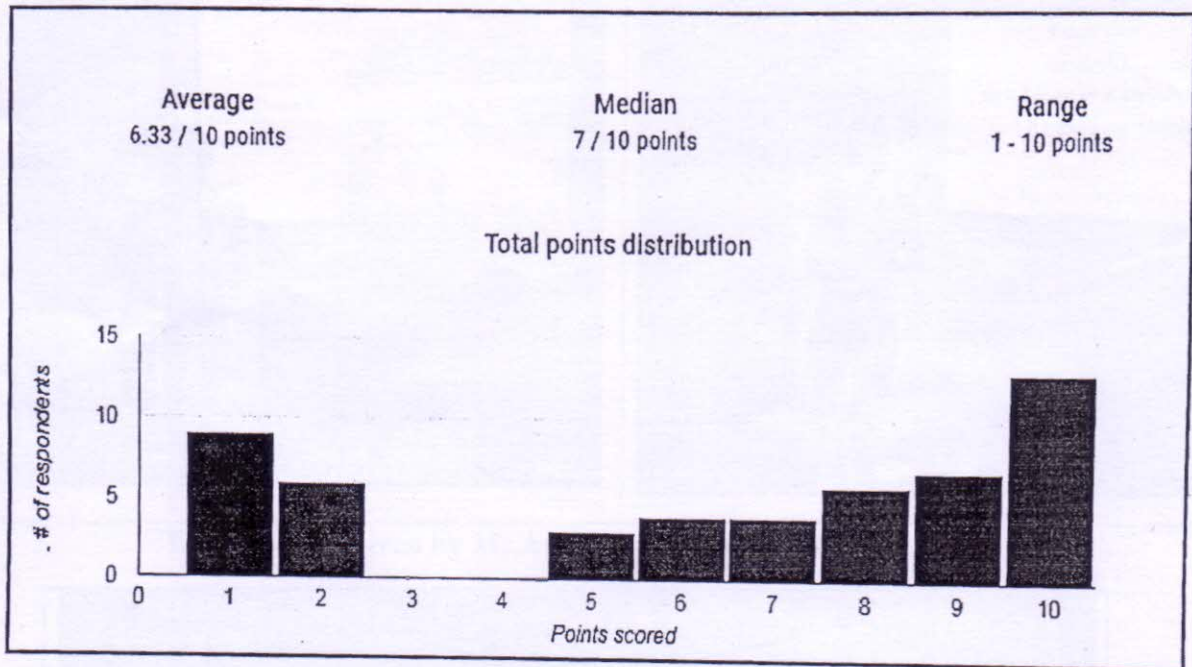

Ms. Ankita Nagarkar

- ✓ “National IGNITE AWARD” winner for innovation at the hands of Dr A.P.J. Abdul Kalam on 11.11.11 at IIM, Ahemdabad
- ✓ Achievements: 10 Patents registered
- ✓ Her innovation got recorded in the Limca Book of Records - in 2014

Event Report of

Workshop on " Augmented Reality (AR)and
Virtual Reality(VR)" in association
with CSI student local chapter

Academic Year: 2019-20

Semester: II

Date:20-02-2020

The context

Department of Computer Engineering has organized workshop on "Augmented Reality (AR)and Virtual Reality(VR)" in association with CSI student local chapter. on 18/02/2020. This program was organized for SE,TE, BE Computer Engineering students who intend to improve on his/her AR VR basic knowledge through industry approach. It also focused on immersive technology and its application. And also focused on basic concepts of how AR adds digital elements to a live view often by using the camera on a smartphone.

Objective of the Program

1. To appraise the principle of immersive technology
2. To improve basic knowledge of Augmented Reality(AR), Virtual Reality(VR) and Mixed Reality(MR)
3. Understand which techniques and tools will work in AR ,VR ,MR application.
4. Explore the fascinating potential of deeply immersive experiences to engage students and create compelling learning opportunities across educational programs.

Outcomes of the Program

1. Students experienced the latest AR/VR equipment in an open session.
2. Students could learn about the technology with a dedicated expert talk
3. Imagine the future of this technology by attending guest speaker symposiums, when available.

Thanking Letter

Date: 18-02-2020

To,

Dr.Dattatrya Parle,
Director-Simulation Center, Pune

Subject: Letter of Conduction

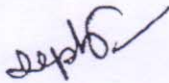

Respected Sir,

On behalf of Suman Ramesh Tulsiani Technical Campus (Computer Department), Khamshet, we extend our heartiest appreciation towards accepting our invitation as a Workshop on " **Augmented Reality (AR)and Virtual Reality(VR)** " dated on 18/02/2020 at our SRTTC Campus for Computer Engineering students.

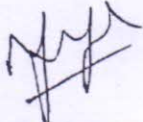

Your knowledge and expertise in the area of AR VR Technology, its application and its benefits followed by basics of AR VR hardware and software have played a key role in changing the mind of students and faculties towards national and global innovation.

We highly appreciate for sharing the knowledge. We will look forward to hearing and learning from your work in future.

Thanking you.

Prof.(Mrs.)Sonali Patil

Event Report of
One Day Workshop on “LATEX”

Academic Year: 2019-20

Semester: II

Date: 05/02/2020

To
The Principal
SRTTC-FoE, Kamshet

Subject: Report of one day Workshop on “LATEX” conducted on 04th February, 2020
conducted by Prof. Bhushan Mahajan

Respected Sir,

With reference to above mentioned subject one day workshop on “LATEX” conducted on 04th February, 2020. We got positive response from our TE students.

Students were actively participated in workshop and asked execute various scripts of LATEX on machine. Students were asked questions at the end of session.

18 students from TE have attended the session.

Workshop Venue: 3103 Lab, Department Of Computer Engineering, SRTTC FOE,.

Scheduled and Timing: 04th February, 2020 (Tuesday), 01:15 PM to 3.30 PM

Workshop Conducted by:

Prof. Bhushan Mahajan,
Assistant Professor, Computer Department

Objective:

1. To gain the knowledge about documentation on open source tool and its Architecture
2. To learn various LATEX scripts.
3. Students should be able to prepare their STC report in LATEX.

Outcomes:

1. Students were come to know about open source documentation tool and its power
2. Students were learn various latex scripts
3. Students are able to design and build their STC report in LATEX

Point taught during session:

1. Introduction to LATEX- why LATEX? Architecture of LATEX
2. Basic Document Creation- creating basic document- changing the class (article, report)- section, subsection- chapter, paragraph, subparagraph- generating table of contents- starred version of the commands- title creation
3. Formatting the Document- special characters- dashes and hyphens- spacing and newline- footnote- formatting (bold, italic, underline, emph)- itemize and enumerate- flush left and right-writing abstracts
4. Advanced Topics- tables- mathematics- equations- Greek letters- equation numbering- vectors
5. Graphics- inserting image- giving caption and label
6. Referencing- create references.

**Event Report of
"Mini project Competition"**

Academic Year: 2019-20

Semester: I

Date:12-10-2019

The context

Department of Computer Engineering has organized "Mini project Competition" on 12th Oct. 2019. This competition was organized for SE & TE Computer Engineering students which helps students to explore and strengthen the understanding of fundamentals through practical application of theoretical concepts. Mini Project can help them to boost their skills and widen horizon of thinking. It acts like a beginners guide to do larger projects later in their career.

The mini project competition provides an excellent opportunity to the students to showcase their talent, research orientation and untapped potential. The goal of this competition is to prepare the future generation of engineers not only problem solvers but to be innovative leaders and responsible citizens. The student deserves recognition of the amount of hard work done for the project.

Objective of the Program

1. To stimulate students and researcher to work on exciting project
2. To understand best practices and demonstration of diverse project, new innovations.
3. To provide networking opportunity with industries that can help create breakthrough.
4. To relate the functioning of industry while working on project and understand how does industry function?

Outcomes of the Program

1. Project enables students and faculty to transform their learning into knowledge, knowledge into action, action into practice.

2. Technical project competition allows students to practice soft skills while reinforcing their engineering knowledge.
3. The contest helps students to consolidate their knowledge and professional skills.
4. The project contest gives students a lot of knowledge and inspired them to try and improve academic activities to enhance knowledge and skills, prepare them for industry readiness.

Projects were judged on the basis of the understanding of the concepts ,innovation and authenticity of the project and students presentation skills.

Event Report on

“Alumni Interaction for Placement Guidance”

Semester: I

Date: 09-10-2019

Department of Computer Engineering has organized the alumni interaction session on **“Placement Guidance”** on **07/10/2019**. This program was organized for SE, TE and BE Computer Engineering students who intend to do their carrier in the field of data science/data analysis. This session mainly focused on the preparation, carrier and opportunities in the field of data science/data analysis.

Objective of the Program

- To study different data science platforms and tools.
- To understand the different opportunities in the field of data science.
- Preparation guidance to become a professional data scientist.
- To understand the different responsibilities for data scientist in the organization.

Outcomes of the Program

- Students understood the different platform and tools used in data science.
- Students get knowledge of different opportunities in the field of data science.
- Students get knowledge for certification exam for data scientist like Google certification etc.
- Students understood the different responsibilities for data scientist in the organization.

Topics Covered in the Session

Session 1:

- ✓ Introduction to Data Science.
- ✓ Introduction to Data Science tools and platforms.
- ✓ Understand the opportunities
- ✓ Different courses and certification in data science
- ✓ Data scientist responsibilities.

Event Report of

Workshop on “Opportunities of Data Science Analytics using Python in Industries – Hands on Session

Academic Year: 2019-20

Semester: I

Date:30-09-2019

The context

Department of Computer Engineering has organized workshop on “Opportunities of Data Science Analytics using Python in Industries – Hands on Session on 30/09/2019. This program was organized for BE Computer Engineering students who intend to improve on his/her Data science basic knowledge through industry approach. It also focused on practice and solve more examples on mathematics, statistics, and computer science to study and evaluate data. And also focused on basic concepts of big data, methodologies for analyzing structured and unstructured data with emphasis on the relationship between the Data Scientist and the business needs.

Objective of the Program

1. To appraise the principle of Data Science Analytics and Machine Learning
2. To improve Data science basic knowledge.
3. Understand which analytics techniques and tools will work in a specific Big Data analysis
4. Formulate problems precisely, solve the problems, apply formal proof techniques, and explain the reasoning clearly
5. To extract valuable information for use in strategic decision making, product development, trend analysis and forecasting

Outcomes of the Program

1. Students could solve real world problems logically using appropriate methodologies for analyzing structured and unstructured data and interpret the associated operations and terminologies in context.
2. Students are able to Analyse and synthesize the real world problems using analytics techniques and tools.
3. Students understood all types of analytics techniques and tools using Python
4. Students could learn to evaluate data using Python

Topics Covered in Expert Lecture

Session 1:

Basics of Data Analytics

Why learn Python for data analytics?

Running a few simple programs in Python

Python libraries

Python Libraries for data science

Session 2:

Exploratory analysis in Python using Pandas

Introduction to series and datagrams

Data loading

Data manipulation

Data visualization

Introduction to Big data Visualization

Introduction to advance analytics tool

Subject: Report of One-day Workshop and hands-on training on “Automated Testing using Selenium & Software Quality Tools” which was held on 25th Sep 2019.

Respected Sir,

With reference to above mentioned subject Department of Computer Engineering has organized “One-day Selenium Workshop” was held on 25th Sep 2019. We got a positive response from all participants of BE students who intend to improve on his/her software testing practical knowledge. It also focused on practice and prepare test cases report on Unit and Integration Testing as well as Automated Testing using Selenium. All BE students were participated in the workshop.

This one-day workshop has following objectives.

1. To Software Testing is to find out defects which will cause an error to the users.
2. To check whether software which builds, it is as per the requirement or not
3. Finding defects from the software before customers find them out.
4. To Preventing defects
5. To Gain confidence about the level of quality

Content & Schedule of Workshop:

Time	Subject	Contents
9:00am to 1:00 pm	Software Testing	<ul style="list-style-type: none"> • Introduction to Software Testing • What is Software Testing? Introduction, Basics & Importance • Testing Tools • Types of Testing • Unit Testing • Integration Testing • Manual Testing • Automated Testing
1:00 pm to 1:30pm		Lunch Break
1:30pm to 3:00pm	Selenium IDE Installation and hands on training on web app testing	<ul style="list-style-type: none"> • Basics of Installation • Installation Process • Hands on Connectivity • Practice session • Identify bugs • Demo project

Subject: Report of "Resume Writing" seminar which was held on 19th Sep 2019.

Respected Sir,

With reference to above mentioned subject "Resume Writing" seminar which was held on 19th Sep 2019. We got a positive response from all participants of TE and BE students of computer as well TE student of Mechanical. 27 students were participated present for seminar. This seminar has following objectives.

Seminar Objectives:

- Why resume is important?
- What are the contents need to include in resume?
- How you can build resume which will be easily recognized by company?
- What are probable questions asked in interview based on resume?

**Event Report of
“Awareness of Cloud Literacy “**

Semester: I

Date: 20-09-2019

The context

Department of Computer Engineering has organized a Seminar on “Awareness of Cloud Literacy and Introduction to AWS Educate associate with ICT Academy” on 17/09/2019. This program was organized for SE, TE, BE Computer Engineering students who intend to improve on his/her current computing technology knowledge. It also focused on free registration on AWS educate through college membership of AWS Educate Program.

Introduction to ICT Academy-

ICT Academy in association with AWS Educate is conducting Cloud Literacy Day 2019, to enable students to learn cloud technology skills. The program is conducted in different regions across India, where 1st and 2nd year students of engineering and arts and science institutions learn the course. We are aiming to organize a day long CLOUD LITERACY DAY with our member institutions during the month of October 2019. The students learn the modules online through self-instructed videos and exercises and prove their cloud learning skills.

Registration Window: 1st Sep to 30th Sep 2019

Role of Colleges:

1. Register to participate in the Cloud Literacy Month
2. Nominate a coordinator (HOD) of CS / IT
3. If any faculty has participated in Cloud Master's program. Kindly nominate them.
4. Identify a minimum of 200 students keen to learn new things and earn recognitions.
5. Allocate a lab with 100 computers with high speed internet connectivity (2 batches to cover 200 students).
6. Open up the lab for 8 hours for students to take part in the program
7. Organize one hour of opening and closing ceremony pre and post the program.

8. Food and accommodation for Contest facilitator.
9. There is no participation/registration fee for college and students.
10. Backdrop for the event

Role of ICT Academy:

1. Posters, Social Media promo designs etc.
2. ICT academy Contest Facilitator for conducting the program
3. Awards, Prizes and certificates for college level

Objective of the Program

1. To appraise the principle of Cloud Computing
2. We are aiming to organize a day long CLOUD LITERACY DAY with our member institutions during the month of October 2019.
3. To improve basic knowledge of Google Cloud & AWS cloud.
4. With AWS Educate, our global initiative to train the next generation of IT professionals
5. Students and educators can access training, content, and AWS promotional credits to skill up on the cloud

Outcomes of the Program

1. Register to participate in the Cloud Literacy Month.
2. Total 107 students have been registered for AWS Educate.
3. We are going to organised CLOUD LITERACY DAY in SRTTC campus on 11-10-2019
4. Students understood all about AWS educate program and the benefits of student membership.
5. Students could use the dashboard of AWS student login includes 12 different courses.
6. The students learn the modules online through self-instructed videos and exercises and prove their cloud learning skills.

Topics Covered in Expert Lecture

Session 1:

- ✓ Introduction to Cloud Computing.
- ✓ Introduction to AWS Educate and AWS Academy
- ✓ Membership details (Institutional, Education, Student)

Session 2:

- ✓ Registration details of Student Login
- ✓ Portfolio – Dashboard
- ✓ Carrier path – 12 courses available for students
- ✓ Job search
- ✓ Search course material of any area.

D.O.No F-1-54/2019(Website/FitIndia)

23rd August, 2019

Sub: Participation in 'Fit India Movement'.

Respected Sir/Madam,

The Hon'ble Prime Minister of India would be launching the 'Fit India Movement' on 29th August, 2019 from Indira Gandhi Indoor Stadium, New Delhi. 'Fit India' is a movement to take the nation forward on the path of fitness and wellness and it provides a unique and exciting opportunity to work towards a healthier India.

As a part of the movement, Higher Educational Institutions (HEIs), Universities and Affiliated colleges can make well-meaning efforts for the health and well-being of their students, teachers, staff and officials to achieve physical fitness, mental strength and emotional equanimity.

In this regard, you are requested to carry out the following activities to promote the 'Fit India Movement':

- (i) Make necessary arrangements for live viewing of the programme and encourage students, teachers, staff and officials to assemble on 29th August, 2019 to view the live telecast on Doordarshan of the Launch of the Fit India Movement by Hon'ble Prime Minister and take the Fitness Pledge, which would be administered by the Hon'ble Prime Minister. Every person should attempt to walk 10,000 steps on 29th August and follow it up in his/her daily routine.
- (ii) Short video clips of the activities in campus on 29th August, 2019 may be made.
- (iii) Prepare and implement an Institutional Fitness Plan, incorporating sport/exercise/physical activities for fitness into the daily routine for everybody to adopt and practice.

The Vice Chancellors of Universities and Principals of their affiliated colleges are requested to prepare and publicise their fitness action plan on their Websites and Notice Boards within a month and upload the same on UGC's Fit India Movement Portal, which is being developed and its details will be shared soon. Concrete steps may be taken to spread the necessity and culture of physical fitness in the campuses.

The information with regard to the number of students, teachers, staff and officials who have viewed the programme on 29th August, 2019 along with photographs and videos may please be uploaded by universities and colleges on the University Activity Monitoring Portal of UGC (<https://ugc.ac.in/uamp/>) latest by 5:00 pm on 29th August, 2019.

Your cooperation is solicited in making this movement successful.

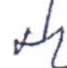

With kind regards,

Yours sincerely,

(Rajnish Jain)

To,
Dr. Deepak Mane
The Vice Chancellors of all the Universities.
For necessary action Pls-

23 अगस्त, 2019

विषय: 'फिट इंडिया अभियान' में भागीदारी

आदरणीय महोदय/महोदया,

भारत के माननीय प्रधान मंत्री 29 अगस्त, 2019 को इंदिरा गांधी इंडोर स्टेडियम, नई दिल्ली से 'फिट इंडिया अभियान' की शुरुआत करेंगे। 'फिट इंडिया' देश को स्वस्थता और पूर्ण स्वास्थ्य के पथ पर आगे ले जाने के लिए एक अभियान है और स्वस्थ भारत की दिशा में काम करने का यह एक अनूठा और रोमांचक अवसर प्रदान करता है।

अभियान के हिस्से के रूप में, उच्चतर शैक्षणिक संस्थान, विश्वविद्यालय और संबद्ध महाविद्यालय अपने विद्यार्थियों, शिक्षकों, कर्मचारियों एवं अधिकारियों के स्वास्थ्य और भलाई के लिए सार्थक प्रयास कर सकते हैं जिससे वे शारीरिक स्वास्थ्य, मानसिक शक्ति और भावनात्मक समानता को प्राप्त कर सकें।

इस संबंध में, आपसे विनम्र अनुरोध है कि 'फिट इंडिया अभियान' को प्रोत्साहन देने के लिए निम्नलिखित गतिविधियों को कार्यान्वित करें:

1. कार्यक्रम का सीधा प्रसारण देखने के लिए आवश्यक व्यवस्था करें और माननीय प्रधान मंत्री द्वारा 'फिट इंडिया अभियान' के लांच का दूरदर्शन पर सीधा प्रसारण देखने के लिए विद्यार्थियों, शिक्षकों, कर्मचारियों एवं अधिकारियों को 29 अगस्त, 2019 को एकत्र होने के लिए प्रोत्साहित करें और स्वस्थता की शपथ लें, जो कि प्रधानमंत्री जी द्वारा दिलायी जाएगी। प्रत्येक व्यक्ति को 29 अगस्त को 10,000 कदम चलने का प्रयास करना चाहिए और अपनी दैनिक दिनचर्या में इसका पालन करना चाहिए।
2. 29 अगस्त, 2019 को परिसर में गतिविधियों की लघु वीडियो क्लिप बनाई जाएं।
3. संस्थाएं स्वास्थ्य योजना तैयार करें और कार्यान्वित करें जिसमें खेल-कूद /व्यायाम/ शारीरिक गतिविधियों को स्वास्थ्य के लिए प्रत्येक व्यक्ति की दैनिक दिनचर्या में अपनाने और अभ्यास करने के लिए शामिल करें।

विश्वविद्यालयों के कुलपति और उनके संबद्ध महाविद्यालयों के प्राचार्य से अनुरोध है कि एक महीने के भीतर स्वास्थ्य कार्य योजना को तैयार करें और अपनी वेबसाइट एवं सूचना-पट्ट पर इसका प्रचार करें और यूजीसी द्वारा निर्माणाधीन फिट इंडिया पोर्टल पर अपलोड करें। इस पोर्टल की जानकारी शीघ्र ही साझा की जाएगी। परिसरों में शारीरिक स्वस्थता की आवश्यकता और संस्कृति को फैलाने के लिए ठोस कदम उठाएं।

विश्वविद्यालयों और महाविद्यालयों द्वारा 29 अगस्त, 2019 को कार्यक्रम देखने वाले विद्यार्थियों, शिक्षकों, कर्मचारियों एवं अधिकारियों की संख्या के संबंध में सूचना, फोटो और वीडियो सहित कृपया यूजीसी के विश्वविद्यालय गतिविधि निगरानी पोर्टल (<https://ugc.ac.in/uamp/>) पर 29 अगस्त, 2019 को शाम 5:00 बजे तक अपलोड करें।

इस अभियान को सफल बनाने में आपका सहयोग अपेक्षित है।

सादर

भवदीय,

(रजनीश जैन)

सेवा में,
सभी विश्वविद्यालयों के कुलपति।

Respected Sir/Madam,

We have conducted **State Level Maharashtra TPO Aptitude Test - 2019** for BE 2019 batch students with associate MaTPO IDOL. This test we have conducted on **22nd July 2019 at 10:30am - 11:30am** in our campus.

We have attached students participation details summary sheets and attendance for your reference.

Thanking you.

Coordinator

Prof. B. A. Shah, Prof. A. B. Swami, Prof. C. R. Yeole

Subject: Report of one day seminar on "One day Seminar on "Information and Cyber Security" conducted on 15th Feb, 2019.

Respected Sir,

With reference to above mentioned subject day seminar on "One day Seminar on "Information and Cyber Security" conducted on 15th Feb, 2019. We got positive response from SRTTC students and resource persons.

SRTTC Students of actively participated in session and asked questions at the end of session.

31 students from BE COMP have attended the session.

Workshop Venue: SRTTC FOE ,Department Of Computer Engineering .

Total Hours: 2 Hours

Scheduled and Timing: 15th Feb 2019 (Tuesday) .1:30 PM to 3.30PM

Workshop Conducted by: Prof.Vaishali Mishra ,Assistant Professor ,VIIT Pune

Objective:

1. To offer an understanding of principle concepts, central topics and basic approaches in information and cyber security.
2. To know the basics of cryptography.
3. To acquire knowledge of standard algorithms and protocols employed to provide confidentiality, integrity and authenticity.
4. To enhance awareness about Personally Identifiable Information (PII), Information Management, cyber forensics.

Activity Report

On

Career in Marine Engineering

Suman Ramesh Tulsiani Technical campus had organized a Program on “**Career in Marine Engineering**”. This program is organized for final year students. The ultimate aim is to know the Marine Engineering Education Requirements and Career Information. **Mr. Shantanu Shuka, HR head at Samudra Maritime Institute, Lonavala. Mr. Shantanu Shuka** guide students those interested in pursuing a career in marine engineering must complete a significant amount of education in science, technology and engineering. Bachelor's degree programs in marine engineering introduce students to basic concepts of marine propulsion, fluid dynamics and ship design. Master's and doctoral programs in the field cover advanced topics in materials science, managing engineering projects and electrical power systems.

1. Prof:Anup A. Kawathekar Felicitate Mr. Shantanu Mehta, HR, Samudra Marine Institute, Lonaval

2. Mr. Shantanu Mehta guide students about career opportunities in Marine Engineering

Career Guidance Program by Alumina and TPO

Suman Ramesh Tulsiani Technical campus had organized a guidance session on **Career Guidance Program by Alumina and TPO**. This program was organized for final year students. The ultimate aim was to develop professional etiquettes and professional & corporate work culture for students, to present themselves in a leading Industry Era. Principal Sir also expresses his views on Employability skills, Higher education and entrepreneurship opportunities. Training & placement officer help students to go for the different training and placement strategies along with the importance of internships. Shri. S.M. Kuvelker, chairman, SRTTC express his views on current industry need and employee role in all industries.

Career Opportunities and TPO Activity Awareness Session was conducted for 2 Hours on Wednesday dated 09th February 2019. This Career program helps the final year students to discuss with the Alumina of the college and also able to decide the further goal

1. Prof.(Dr.) J.B. Sankpal sir express his views on Employability skills, Higher education and entrepreneurship opportunities

2. Prof. Anup A. Kawathekar express his views on Importance on Internships

3. Shri S.M . Kuvelker sir Express his views on Current Industry aspects and expectations

4. Alumina Student address to students about the career opportunities

One day Workshop on "Embedded System &
Internet of Things-ESIOT"

Academic Year: 2018-19

Semester: II

Date: 05/02/2019

To
The Principal
SRTTC-FoE, Kamshet

Subject: Report of one day Workshop on "Embedded System & Internet of Things-ESIOT" conducted on 5th Feb, 2019.

Respected Sir,

With reference to above mentioned subject one day Workshop on "Embedded System & Internet of Things-ESIOT" conducted on 5th Feb, 2019. We got positive response from SRTTC students and resource persons.

SRTTC Students of actively participated in session and asked questions at the end of session.

29 students from TE & SE COMP has attended the session. Workshop was combination of theory and hands on session.

Workshop Venue: SRTTC FOE, Department Of Computer Engineering.

Total Hours: 5 Hours

Scheduled and Timing: 5th Feb 2019 (Tuesday), 9:30 AM to 3.30pm

Workshop Conducted by:

Prof.Nitin Sakhare ,Assistant Professor ,VIIT Pune

Dishant Jain ,Student TE Comp ,VIIT Pune

Arpit Shrivastv Student TE Ento ,VIIT Pune

Objective:

1. To understand fundamentals of IoT and embedded system including essence, basic design strategy and process modelling.
2. To introduce students a set of advanced topics in embedded IoT and lead them to understand research in network.
3. To develop comprehensive approach towards building small low cost embedded IoT system.
4. To understand fundamentals of security in IoT.
5. To learn to implement secure infrastructure for IoT

Outcomes:

1. Implement an architectural design for IoT for specified requirement
2. Solve the given societal challenge using IoT
3. Choose between available technologies and devices for stated IoT challenge

Point taught during session:

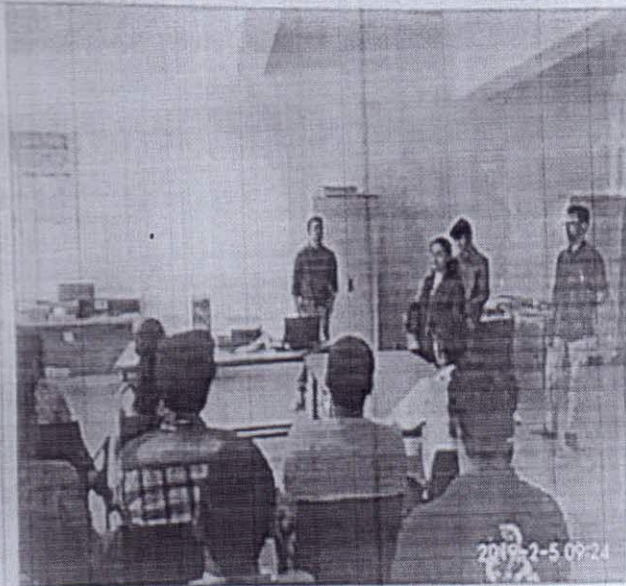

- 1) Overview of Embedded System
- 2) Introduction to Internet of Things
- 3) Embedded IoT Platform Design Methodology
- 4) Pillars of Embedded IoT and Physical Devices
- 5) IoT Protocols and Security
- 6) Installation of Operating system on Arduino & Raspberry pi 3

NOTICE

This is to inform **all BE and TY Mechanical & Civil Students (All branches)**, The Entrepreneurial Development Program will be conducted in our college in New Seminar Hall, on **24th January 2019 at 11am**. This Program is specifically designed for students attempting to build better career in Entrepreneurship. The Program is based on Level of interest, Intensity of business feeling, Strong business determination, Dedication, Communication, networking etc.

Benefits of the EDP for the students

- To identify and train the potential entrepreneurs in the region
- To impart basic managerial knowledge and understanding
- To provide post-training assistance
- To develop and strengthen entrepreneurial quality and motivation
- To analyze the environmental issues related to the proposed project
- To help in selecting the right type of project and products
- To formulate the effective and profitable project
- To enhance industrial development To acquire necessary managerial skills required to run the industrial unit
- To acquaint and appreciate the required social responsibility/ Entrepreneurial discipline

All interested students are hereby advised to register for the same in T&P office.

Regards,

Subject: Report on Entrepreneurial Development Program

Respected Sir,

SRTTC campus has organized an Expert Lecture on **Entrepreneurial Development Program**. It was conducted by **Prof. Priyanka Gupta (Progressive Edge-CEO & Founder, Pune)** This program was designed for **all TY Diploma (Mechanical & Civil) engineering students** and **BE students** who intend to improve on his/her Personality. The ultimate aim was to develop professional attitude among students, preparing to present them in a society with professional attitude by enriching their Personality and create interest, Intensity of business feeling, Strong business determination, Dedication, Communication, networking etc.

It was conducted **2 hours program** on Thursday dated **24th January 2019** from **11.00 am to 1.00pm**. In this event **78 Students** registered their names for this workshop and attended it.

Students Feedback on this event:

- 1) We have developed advanced knowledge on how to assess business opportunities and an in-depth understanding of what typically characterize successes and failures.
- 2) We have improved your interpersonal and collaborative skills with this event
- 3) We have developed advanced knowledge about key processes necessary to bring new products and services to market and key challenges facing the entrepreneur at different stages of the entrepreneurial voyage
- 4) We get knowledge of Startup and industry exposure

At Post Mauje Khamshet, Old Pune Mumbai Highway (NH4) Tal. Maval, Dist. Pune 410405
Tel.: 02114-264101/106, E-Mail: info@srttc.ac.in, www.srttc.ac.in

We have attached some memorable events photos with this report for reference:

- 1) **Ms. Priyanka Gupta (Progressive Edge-CEO & Founder) Provided Training to TY Mechanical & Civil and BE Engineering Students:**

- 2) **Felicitation of Ms. Priyanka Gupta (Progressive Edge-CEO & Founder) by Prof. Anup Kawathekar (TPO Head, SRTTC)**

3) Students' Actively Participation and Interaction with Ms. Priyanka Gupta (Progressive Edge-CEO & Founder) during Entrepreneurship program:

04) Ms. Priyanka Gupta (Progressive Edge-CEO & Founder) Interaction with Prof. (Dr.) J.B.Sankpal (Principal), Prof. Anup Kawathekar (TPO) and Prof. Anil Swami (TPO Coordinator)

Subject: Report on CAREER Counselling on “Study Abroad Opportunities at Canada, USA, Australia, Ireland and New Zealand, IELTS and Scholarship”

Respected Sir,

“Right choice takes you to the right destination”.

As said above to make the students aware of its true meaning about the right choice of career opportunities, The Training & Placement Cell of SRTTC College of Engineering and Diploma has organized **CAREER Counselling session on “Study Abroad Opportunities at Canada, USA, Australia, Ireland and New Zealand, IELTS and Scholarship”** to bring about an awareness to choose the right path and process to have a successful career of their interest. It was organized on **08th January 2019**. The session was conducted by Mr. Sandip Patil (Sr. Counselor) and Rahul Kambale Business Divisional manager of IDP institute, Pune. IDP Education is an international education organization offering student placement in Australia, and to New Zealand, the USA, UK, Ireland and Canada.

Mr. Sandip Patil (Sr. Counselor) focused and explained on how a gap can be bridged between current engineering academics and Industry requirements by infusion of Industry Knowledge and be catalyst for fresh engineering professionals to build Industry. This session aimed to develop right human resource of Indian Industry and provide guidance for Higher Education in abroad. Through this session efforts were made to guide students to enable them to build a right career path.

She also further added on how to go about with the procedure of acquiring higher education and job oriented courses, which can be opted after completion of Diploma **and BE engineering** to enable for employment. She also guided students on how to establish a start-

up company or own an entrepreneurship and gave them necessary information and ideas on how to go about.

BE and TY Students feedback on this event: The event was of a grand success with an attendance of more than **74 students** of both **final year Diploma (Mechanical & Civil) and BE students**. The session was availed with all the information and queries of making a right choice of career in their future. Thus the confused minds of students were much lessens with the attempt made to avail the need of understanding the different scenario about the need of right education to have a right career prospects. It was indeed a commendable one with our entire student actively involved in it.

These are few memorable photos of the **Career Counselling Session Conducted** at SRTTC.

Dear Prof. Kawathekar Anup Ani,

Greetings from ELEATION...!!!

- ELEATION is a leading CAE Service based Company; ELEATION Services Pvt. Ltd. Has started In December 2015 for
- simulating Industrial Problems on CAE domains, with 600+ satisfied customers we are leading Service based company in CAE Domain.

We are the leading CAE services industry with more than 600 company tie-up for various projects in Crash, Fatigue, Structural, Optimization, etc. based on the current man power requirement of ELEATION, we would like to conduct placement drive for 4th year Mechanical, Civil, Product and Automobile Engineering students.

In academic year 2017-18, we have conducted 100+ on-campus placement drives in Maharashtra, Tamil Nadu, Karnataka, Telangana, and Madhya Pradesh. ELEATION Academy has already hired 72 Engineers from Pune University, 36 Engineers from SAEIndia BAJA and 38 Engineers from other leading universities.

Number of positions : 80

Job Location : Pune

CTC : 2.4 Lakhs

Please find the attached PDF containing the details regarding:

1. Job Description
2. Selection Procedure
3. Qualifying criteria
4. CTC

We request you to share suitable dates as per your schedule to conduct the placement drive.

Note : we don't charge for Placement and hiring either from students nor for colleges.

You need any updates from us feel free to contact.

Regards

Dear Anup,

Greetings from ELEATION...!!!

Thanks for showing interest in ELEATION's Placement Drive..

Please find the below process which we will follow on 30th January 2019:

1. Please assemble all the student to seminar hall / conference hall
2. We need projector so that students can see the presentation
3. We need speaker facility so that students can listen the presentation

We need laptop / desktop connected to projector and speaker with internet facility so that you can run the Pre-placement talk video

5. Please use the below link to play the Pre-placement talk video

a. https://youtu.be/Ft5teJv-0_A

6. After the Pre-placement talk if students have any issue/query they can contact us at apoorvbapat@elevation.com

7. After pre-placement talk we will start with Online Technical test

8. Please use the below link which we will use to conduct the online technical test.

a. <https://goo.gl/forms/lx12XR3UthpfpRBg2>

9. Currently the about the link is not active, please let me know when at what time you want to start the test, we will activate the link accordingly.

10. The test is for 1 hour

11. To clear the technical test, students have to score 80 or more marks.

12. After the technical test, we will share the results with you as well as students and detailed process about the next round.

If you need any updates from us feel free to contact.
