Novel Oversampling Algorithm for Handling Imbalanced Data Classification

Abstract: In the current age, the attention of researchers is immersed by numerous imbalanced data applications. These application areas are intrusion detection in security, fraud recognition in finance, medical applications dealing with disease diagnosis pilfering in electricity, and many more. Imbalanced data applications are categorized into two types: binary and multiclass data imbalance. Unequal data distribution among data diverts classification performance metrics towards the majority data instance class and ignores the minority data, instance class. Data imbalance leads to an increase in the classification error rate. Random Forest Classification (RFC) is best suitable technique to deal with imbalanced datasets. This paper proposes the novel oversampling rate calculation algorithm as Improvised Dynamic Binary-Multiclass Imbalanced Oversampling Rate (IDBMORate). Experimentation analysis of the proposed novel approach IDBMORate on Page-block (Binary) dataset shows that instances of positive class is increased from 559 to 1118 whereas negative instance class remains same as 4913. In case of referred multiclass dataset (Ecoli), IDBMORate produces the consistent result as minority classes (om, omL, imS, imL) instances are oversampled majority class instances remains unchanged. IDBMORate algorithm reduces the ignorance of minority class and oversamples its data without disturbing the size of the majority instance class. Thus, it reduces the overall computation cost and leads towards the improvisation of classification performance.

Keywords: Binary imbalance; multiclass imbalance; oversampling; random forest classification; classification

Dear Prof. Jyotsna Barpute,

You have successfully finished the course, congratulations! We appreciate you hard work and engagement in this MOOC.

As you already know, this MOOC was the one of the outcomes of our research and training activities in the past five years in the IGLUS project at EPFL. If you are interested in the broad topic of Innovative Governance of Large Urban Systems, we encourage you to join our community by visiting www.iglus.org.

Also, we would like to invite you to fill this short survey and share your opinions about this course.

For those of you who are interested, you still have the opportunity to

Dear Prof. Anjali Sanjivanrao More ,

Good News ! We are launching Free -30 Days Artificial Intelligence Program - free on youtube live. So far 120000 students had been enrolled for the past sessions. The next free course on AI will be next year . So "DONT MISS THE CHANCE"

What you will Learn on This 30 Days Master Class Series

✅DAY – 1 Overview of this course | Introduction to AI | How to create basic AI application (Chat bot using DialogFlow)
✅DAY – 2 How to install Python & Libraries | Basics of python Programming for AI.

COMPUTER VISION
✅DAY – 3 Introduction to Computer Vision| How to install computer vision libraries
✅DAY – 4 Moving Object Detection and tracking using OpenCV
✅DAY – 5 Face Detection and Tracking using OpenCV

Activate Windows

Novel Oversampling Algorithm for Handling Imbalanced Data Classification

Abstract: In the current age, the attention of researchers is immersed by numerous imbalanced data applications. These application areas are intrusion detection in security, fraud recognition in finance, medical applications dealing with disease diagnosis pilfering in electricity, and many more. Imbalanced data applications are categorized into two types: binary and multiclass data imbalance. Unequal data distribution among data diverts classification performance metrics towards the majority data instance class and ignores the minority data, instance class. Data imbalance leads to an increase in the classification error rate. Random Forest Classification (RFC) is best suitable technique to deal with imbalanced datasets. This paper proposes the novel oversampling rate calculation algorithm as Improvised Dynamic Binary-Multiclass Imbalanced Oversampling Rate (IDBMORate). Experimentation analysis of the proposed novel approach IDBMORate on Page-block (Binary) dataset shows that instances of positive class is increased from 559 to 1118 whereas negative instance class remains same as 4913. In case of referred multiclass dataset (Ecoli), IDBMORate produces the consistent result as minority classes (om, omL, imS, imL) instances are oversampled majority class instances remains unchanged. IDBMORate algorithm reduces the ignorance of minority class and oversamples its data without disturbing the size of the majority instance class. Thus, it reduces the overall computation cost and leads towards the improvisation of classification performance.

Keywords: Binary imbalance; multiclass imbalance; oversampling; random forest classification; classification

Abstract— To enhance the security of the ATM. To avoid ATM robberies and the wrong person misusing the ATM so that they can lead a secure and reliable life. The system is to support the intelligence system. Without hesitation, use ATMs to make the world a conversion community. Once the client inserts the cardboard into the ATM, a session is processed, so the system can start a face detection victimization camera placed close to the ATM and builds short-lived identity information of the clients, and the user face verification to perform on the ATM. A good user would use the traditional method because the invalid user cannot access the ATM card, they offer the secondary identification to the system mechanically, and the unauthorized person would continue the transactions. The objective of the proposed study in this paper is to prevent ATM fraud as well as secure transactions from the user side.

Index Terms- ATM, face recognition, LRR, OTP.

I. INTRODUCTION

The ATM security authentication technique is dependent on pin-based verification. Factors such as urgency, memorization of pins, speed of interaction, un- intentional pin sharing affect the system diversely. Cards with magnetic chips are easy to clone. Security and vulnerability are opposite sides of the same coin, an automated machine becomes vulnerable due to the weakness of its security. Automated Teller Machine manufacturers go on adding and strengthening security features of Automated teller machine so that customers can carry out banking transactions hassle-free and without any fear of siphoning amounts from their accounts the same frauds work with similar speed to crack the innovative security feature so that they can access over the Automated teller machine to exploit the accounts of bank customers.

II. PROBLEM STATEMENT

Automated Teller Machines are widely used nowadays by people. Presently, ATM systems use no more than an access card which usually has a magnetic stripe (magstripe) and a fixed Personal Identification Number (PIN) for identity verification. Some other cases utilize a chip and a PIN which sometimes has a magstripe in case the chip fails as a backup for identification purposes. This method is not very secure and prone to an increase in criminal activities. The need for a novel, simple as well as secure method of access is thus imperative. In the present work, a PIN is generated by the user and this PIN is made available to the ATM system by the means of a Subscriber Identity Module (SIM) in the user's Mobile Phone. This PIN can be trapped by any user and can lead to fraud. The user can use the face system and another way is OTP, to maintain privacy.

III. RELATED WORK

Second section deals with the literature review. TABLE 1. refers to the survey that was done all these references are from an effective point of view. In this, the atm has to enhance the security level with an advanced level of technical issues. ATM has very advanced technology which is currently using Fingerprints recognition to detect fingerprints that are unique to all and a major use of it is safe transactions. The feature commonly used is eye detection to verify the true

user and the latest technology is used cardless atm means in which the chip was not present, while the misplaced issue not happen in the future. OTP was also getting the high using technology that protects from unauthorized transaction verification for the user which was provided by the bank.

Enhanced Security for ATM Machine with OTP and Facial Recognition Features[6]	Manikandan , Suriya, et al.	2020	For the purpose of enhancing account security and user privacy, face recognition and One-Time Passwords (OTP) are utilised. With the use of facial recognition technology, each user may be individually identified by the system, turning their face into a key. Security is provided by the OTP.

An SMS-based One-Time Password (OTP) is added to a biometric security technique that uses biometrics to protect one or more of the customer's bank accounts. This approach is carried out using a biometric authentication system.
ATM Card Security using Bio-metric and Message Authentication Technology [27]	M.Dutta, T.Khattar, et al.	2018	It tries to emulate a cardless payment system in which the user's fingerprint serves as the new card and the user uses it to transact, they use to need a fingerprint as they are unique for all, which the admin can take while opening the account.

TABLE 1: Literature Survey

IV. PROPOSED SYSTEM

The proposed system deals with the idea of an ATM security system based on facial detection that has been developed as a viable security solution for the public. The work's primary focus is designing and implementing an ATM security system that uses face detection and the LBR algorithm. Our proposed approach overcomes the shortcomings of the current system. The system will provide you the opportunity to process any transaction. First-time users will be prompted to "Detect Face" and if the system finds a match with an image stored in the bank's database, they can proceed with the transaction; otherwise, it will be declined after a few warnings.

Fig 1 refers to the proposed work on the ATM via using user and bank authentication.

V. Conclusion

Thus the study presented in this paper deals with ATM model that has a lot of reliability in providing security by mistreatment biometric authentication software package. By keeping the time passed on within the verification method to a negligible quantity we tend to even try and maintain the potency of this ATM system to a bigger degree. Bioscience suggests that distinguishing and authenticating account owners at the cash dispenser Machines provides the required and far anticipated answer to the matter of felonious transactions. During this paper, we've tried to proffer a solution to the abundant alarming issue of dishonorable transactions through cash dispenser Machines by bioscience that may be created attainable only the account holder is physically gifted. Thus, it eliminates cases of felonious transactions at the ATM points while not the information of the authentic owner. Employing a biometric feature for identifying is powerful, and it's additionally fortified once another is employed at the authentication level.

FACULTY DEVELOPMENT PROGRAMME(FDP)
ON
Software Engineering

(13th Jan, 2021)

Organized by

Computer Engineering Department, MMCOE
In association with
Board of Studies Computer Engineering, Savitribai Phule Pune University, Pune

About MMCOE:

MMCOE has been recognized as the BEST COLLEGE by SPPU. MMCOE is one feather in the cap of Marathwada Mitra Mandal Pune, from the academic year 2006 - 2007. It offers five engineering programmes (Computer, Electrical, E&TC, Information Technology and Mechanical) and two P.G programmes MBA and ME (Computer Engineering) with PhD Research Center in Computer Engineering Department. It houses 2000+ students and 200 staff members. Along with the focus on core academics, college also takes care of overall personality development of the students. The college has an active robotics cell, NCC, Training and Placement cell etc.

About Computer Engineering Department:

Department of Computer Engineering at MMCOE was established in 2006 with an intake of 120 students for undergraduate course (B.E.) and 18 students for Post Graduate course (ME) in Computer Engineering affiliated to Savitribai Phule Pune University. The Computer Engineering Department is well-known for rewarding the changes and challenges in the technological development for industrial arena. As the Industries today demands versatile Engineers with the knowledge of Java, C++, Python, AI and Data Science technologies, so the objective of our Department is to prepare with expertise in these technologies with consistent efforts and practice within four year of Engineering course. This makes our students employable and Industry ready. Here with, we form the team of enthusiast, well qualified and competent faculty members. Most of the curriculum is taught using modular learning approach to integrate the academic programs with practical knowledge.

About FDP:

Department of Computer Engineering, Marathwada Mitra Mandal's College of Engineering, Pune in association with Board of Studies Computer Engineering, Savitribai Phule Pune University, Pune is organizing online Faculty Development Program on **"Software Engineering"** under the guidance of BoS Chairman Respected Dr. Varsha Patil Madam, Dr. P.N. Mahalle Sir and all the BoS members. Software Engineering is associated with the development of software product using well-defined scientific principles, methods and procedures. The outcome of software engineering is an efficient and reliable software product. The need of software engineering arises because of higher rate of change in user requirements and environment on which the software is working. Software Engineering have become increasingly embedded and integrated into the fabric of human society. This faculty development programme (FDP) is devoted to fundamental theory, recent developments and research outcomes addressing related theoretical and practical approaches for various Software Engineering tools.

Major Course Contents:

- Basics of Software Engineering
- Perspective of Industrial approaches towards Software Engineering
- Revised SPPU SE Syllabus 2019 course – Software Engineering

Resource Persons:

Renowned Academicians and Industry experts

How to apply:

Kindly register for this FDP through the following Link: **https://forms.gle/ewMYX6K4Nf7WXP7k8**

8th – 12th November, 2021

Session Details

Day-1 (8th November, 2021)

Session-I
9.30-11.00 AM
Keynote Lecture on *"Advances in Internet of Things: Future scope"*
Dr. Peddoju Sateesh Kumar, IIT Roorkee

Session-II
11.30-1.00 PM
"Advances in Machine Learning for IoT"
Dr. Venkatanareshbabu K, NIT Goa

Session-III
2.30-4.00 PM
"IoT and Human Computer Interface: Advanced applications & Research Scope"
Dr. Damodar Reddy Edla, NIT Goa

Day-2 (9th November, 2021)

Session-I
9.30-11.00 AM
"Optimizing VLSI Floor Planning for IoT Applications"
Dr. Ramalingaswamy Cheruku, NIT Warangal

Session-II
11.30-1.00 PM
"Advanced *Security Solutions in IoT for Healthcare Industry*"
Dr. Mou Dasgupta, NIT Raipur

Session-III
2.30-4.00 PM
"Smart Agriculture Research Challenges: An Optimization Perspective "
Dr. Ramalingaswamy Cheruku, NIT Warangal

Day-3 (10th November, 2021)

Session-I
9.30-11.00 AM
"Mental & emotional development, stress management"
Shri. Rashmin Pulekar
The Art of Living

Session-II
11.30-1.00 PM
"Role of Fog Computing in IoT for Healthcare"
Dr. E Suresh Babu, NIT Warangal

Session-III
2.30-4.00 PM
"Recent Approaches for Protein-Protein Interaction Detection"
Dr. Sriparna Saha, IIT Patna

Day-4 (11th November, 2021)

Session-I
9.30-11.00 AM
"Latest Security Challenges in Internet of Things"
Dr. Sangram Ray, NIT Sikkim

Session-II
11.30-1.00 PM
"Advanced Healthcare Applications using IoT and Machine Learning"
Dr. Dharavath Ramesh, IIT Dhanbad

Session-III
2.30-4.00 PM
"Biometric Template Security"
Dr. Surya Prakash, IIT Indore

While designing questions for Online assessments or Evaluation various attributes of a question are to be associated in the question repository or Bank for each and every question. Based on these attributes, one may be able to generate specific learning objective for every student appearing for the exam.

Attributes of a question:

1. Subject
2. Unit - Chapter
3. Difficulty level
4. Type of a question (In this Case Multi choice question only)
5. Teacher ID (Author)

Following are the basic guidelines to create a question bank for Online examination.

Qualitative Guidelines:

1. Create Multiple Choice Single Correct questions having 4 options

Input Language Marathi
Item Bank ID Item Bank IT for Teacher

Difficulty Level (Low-1,Medium-2,High -3)	No. of Options(2-6)	Question Text	Option Text 1	Option Text 2	Option Text 3	Option Text 4	Correct Option
2	4	गूगल कॅलेंडरचा उपयोग कशासाठी केला जातो ?	फॉर्ममधून डेटा गोळा करणे	इतरांना संदेश पाठवणे	इतरांबरोबर वेळापत्रक शेअर करणे	इतरांबरोबर डॉक्युमेंट शेअर करणे	3
2	4	कोणत्या डिव्हाइसवर तुमचे Google कॅलेंडर पाहता येते?	स्मार्टफोन	लॅपटॉप	टॅबलेट	दिलेल्या सर्व	4
2	4	तुम्ही 10 स्लाइडचे एक प्रेझेन्टेशन तयार केले आहे. तुम्हाला सर्व स्लाईड्सवर ऑडिओ प्ले करायचा असल्यास कोणत्या ऑडिओ पर्यायावर तुम्ही क्लिक कराल?	Hide During Show	Loop Until Stopped	Rewind After Playing	None of the Above	4

Figure 1. Question with 4 Options

2. Avoid options stating “None of the Above” and “All of the Above”

Input Language Marathi
Item Bank ID Item Bank IT for Teacher

Difficulty Level (Low-1,Medium-2,High -3)	No. of Options(2-6)	Question Text	Option Text 1	Option Text 2	Option Text 3	Option Text 4	Correct Option

Figure 2. Avoid these Option

3. The questions should follow principle of “Conceptual Distraction”. It means all four options must look correct unless the concept is absolutely clear.

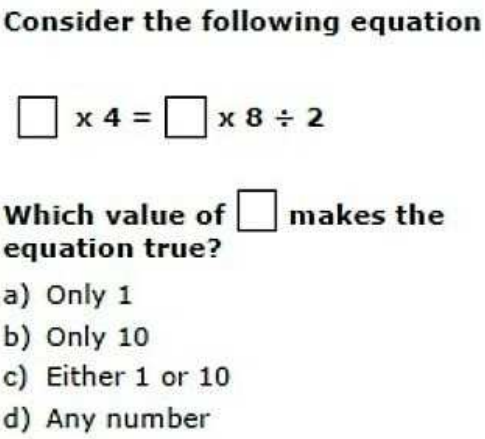

Figure 3. Example for Conceptual Distractor Options in Question

4. A proper weightage to the topics and content of the syllabus on whom questions are to be made is to be created first. This will be reference for generation of question bank for the said subject or course generally it goes like, Subject-Unit-Chapter-Topic.

Following are the details present in the import template.

1. Difficulty Level
2. Author – Teachers are requested to put BCUD Id here
3. No. of Options in the Questions – we will have only 4 options (A B C D)
4. Question text (without any special character, image, formula, subscript or superscript as they are to be created in image form as per guidelines given below)
5. Option wise Text
6. Correct Option No.

Technical Guidelines:

The question sample attached is of the question type Multiple Choice (4 options) Single Correct answer , wherein the questions can be in the form of Images or text. The samples as well as the templates provided will guide you in creating the question bank. Also some of the basic instructions are given below; please follow them while creating the question bank.

Some basic

Instructions- For

textual type questions:

1. Type the questions in the excel file directly. Copy paste from other file is also possible, but utmost care should be taken to ensure the format of the text as numbers and date formatting does not change after copy paste.
2. Use separate excel (.xlsx) files for different topics.

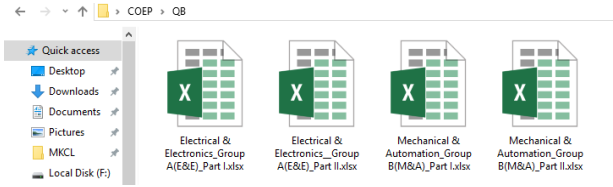

Figure 6. Topic wise Question Bank excels files (.xlsx)

3. Do not create multiple sheets in a single Excel file.

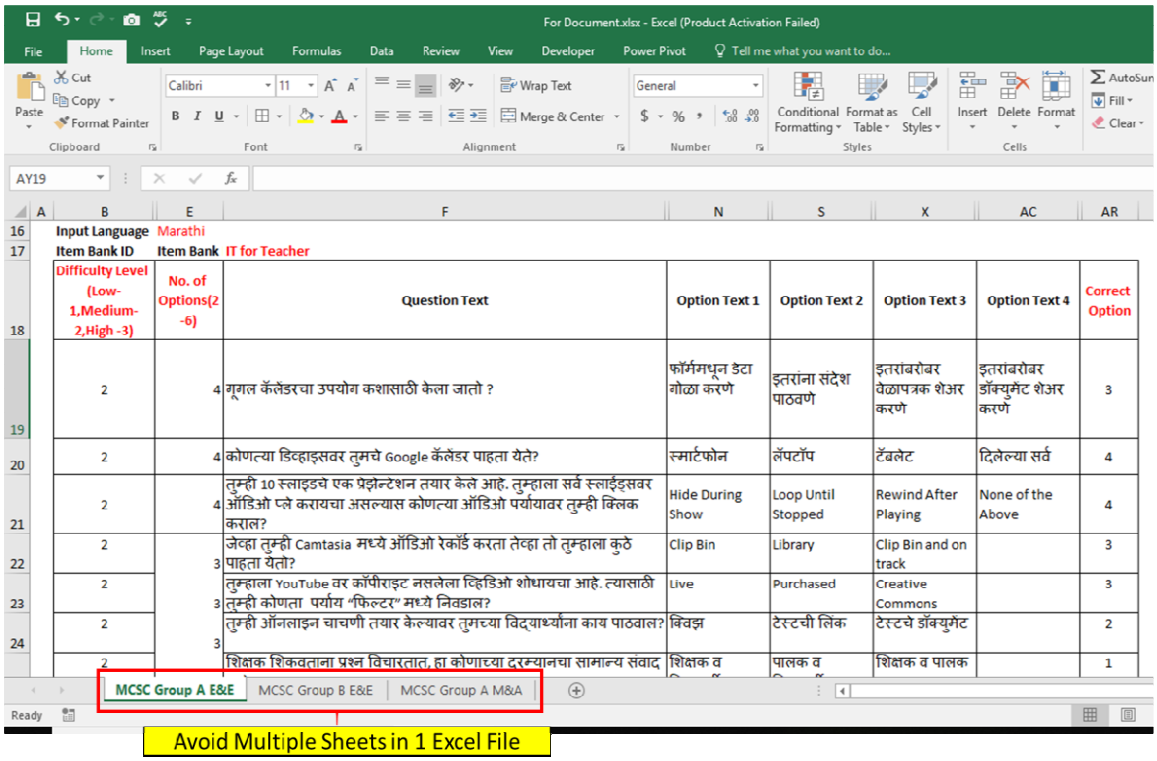

Figure 7. Avoid Multiple Sheets in 1 Excel

4. Do not add special characters, images, symbols, formula, subscript or superscript in the Question text or Option text.

Avoid

Superscript: $x^2 + y^2 = z^2$

Subscript: $C_6H_{12}O_6$

Formula:

$x^3 - 5$

$(7x - 4)^3 - 5$

Figure 8. Avoid in Question/Option Text

5. If you come across such type of questions / options then, please add those in Picture Type questions text or option text header.

6. Questions where underlined or **bold** or *italics* text is present should be included in Picture Type questions only.

Avoid

Find the meaning of the underlined word(s).
When he was challenged, the salesman stood up for his product.

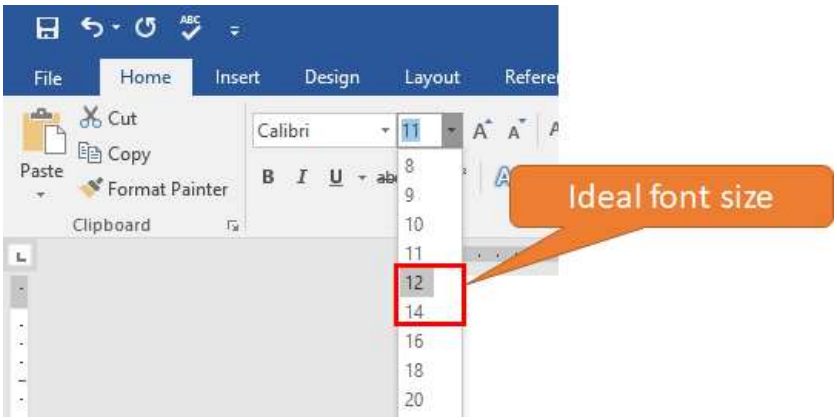

Find the meaning of the Highlighted word(s).
This book is about a man who **deserted** his family and went to live in the Himalayas.

Figure 9. Avoid Bold/Underline words in Question Text

7. As we provide multilingual support for following languages: English, Hindi, Marathi the questions should be provided only in **Unicode** font only. (If bilingual questions bank is to be created, please contact SPPU for further assistance)

For Image type questions:

1. Create the complete question bank in MS-Word only for the questions which have figures, diagrams, chemical equations, special symbols or characters, subscript or superscript as a part of the question or Option. Font size should be minimum 12 and

maximum 14.

Figure 10. Font Size for Question & Option Text

2. Create images of the word file by Print Screen option, crop them with the help

of any image editor utility and save the files in .jpg format as per the samples attached. E.g. **q1.jpg**, **q1o1.jpg**, **q1o2.jpg**, **q1o3.jpg**, **q1o4.jpg**.

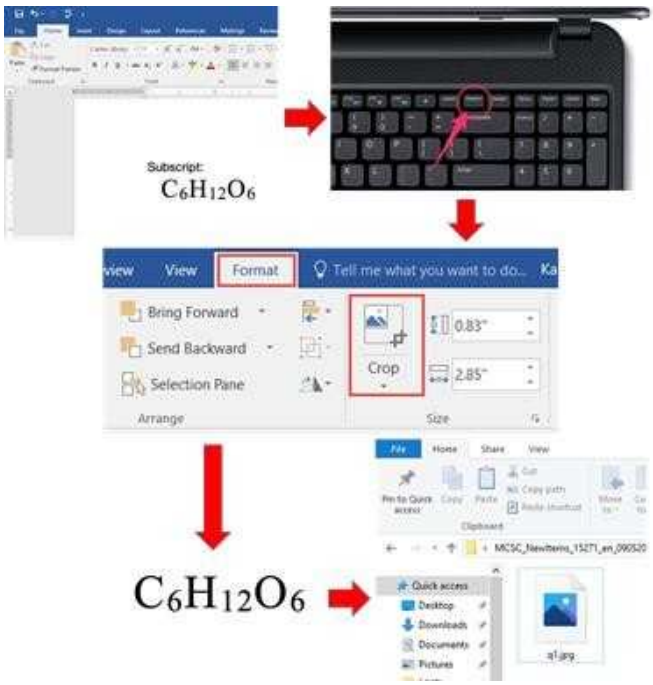

Figure 11. Use Print Screen to create Image based question

3. Please ensure the image resolutions should be not more than: horizontal – 700 pixels: vertical – 300 pixels

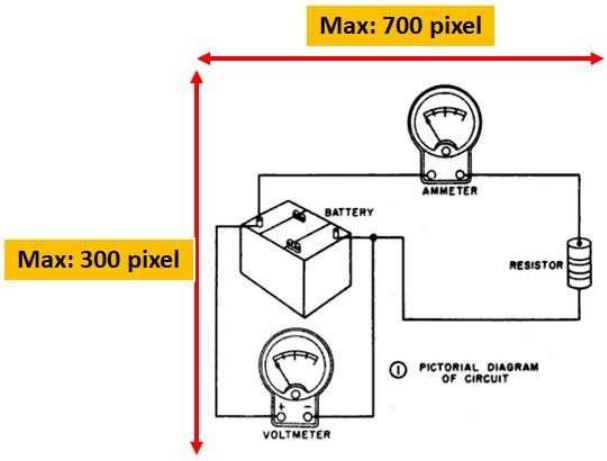

Figure 12. Image Dimensions for Question/Option

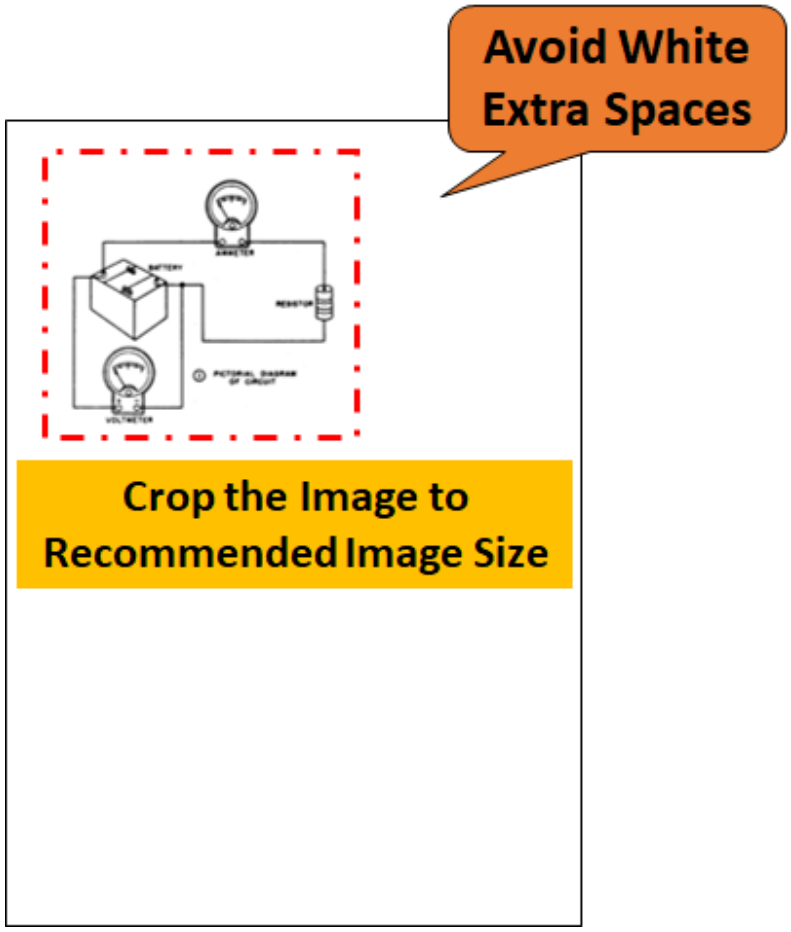

Figure 13. Tips for Cropping Image

4. You can then write the name of the image in excel in the image column(the image names should be in small case and avoid any kind of special characters and spaces in the image names)

"STUDENT INDUCTION PROGRAM"

For First Year Engineering Students

held at SRTTC-FOE, Khamshet

1st To 3rd August 2018

Introduction:

AICTE in its 49th meeting of the council held on 14th March, 2017 approved a package of measures for improving quality of technical education in the country wherein it was decided that every student, on admission, shall be put through a mandatory Induction program to reinforce the fundamental concepts and the required language skills required for the technical education. So program for students is offered right at the commencement of the first year and classes will begin after this induction program. Its purpose is to make the student feel comfortable in their new environment, set a healthy daily routine, create bonding in the batch as well as faculty and students.

As the induction program is made mandatory for every student, it is of utmost important that the faculty members are equipped and refreshed initially so that they can conduct the induction program for students. Therefore, 3 days followed by 7 days Faculty Development Program on "Student Induction Program" for AICTE approved institutions was organized by AICTE. From our institute Dr. B. A. Kamalapurkar, Mr. Shital B. Patil and Mr. Rohit R. Patil successfully completed this program held at Christ Institute of Management, Lavasa-Pune.

Program Implementation:

The Department of Engineering Science and Humanities had organized three days "Student Induction Program" on 1st to 3rd August 2018. The venue of the event was Shri. Shripad Kuvelkar Seminar Hall and old seminar Hall. The induction program was conducted in total nine sessions of two hours each. On first day first session, newly admitted students along with their parents reported. As per schedule of program, a refreshment was provided to students and parents. In the second session the program was inaugurated in the eminent presence of Honorable Vice Principal Prof. K. S. Tapaskar, all H.o.D.'s , Associate Dean Quality assurance & Associate Dean Student, section heads, establishment and accounts. The objective of program was to guide the students about the curriculum, study and examination pattern, importance of maintaining good academic record and attendance, universal human values, etc. He ensured the parents about secure future of their wards. The brief information about the curriculum, structure and examination pattern explained by Dr. B. A. Kamalapurkar H.o.D. (DESH). Department heads Prof. N. N. Jadhav (Civil), Prof. Sonali Patil (Computer) and Prof. Y. R. Ingole (Mechanical) also explained the importance of academics, value added courses, industrial visit, Guest & Expert lecctures and mini & micro project etc. In the third session Dr. P. A. Desai and Mr. J. S. Garud along with students visited to all laboratories of first year, all departments, Library, Office so that the students get familiarized right from the first day.

On the second day the fourth session began with Yoga as a physical activity wherein F.E. faculty Mr. J. S. Garud guided students about the importance of Yoga, daily eating habits for healthy life. He demonstrated various Yoga posters and students also practiced Yogasans. under his guidance. Mr. J. S. Garud is active in various Yoga activities and also associated with Mahahree Patanjali Yog Foundation. The fifth session of General reading, writing summary, Debate and enacting a Play was conducted by Mr. A. B. Swami to reinforce students the fundamental concepts and the language skills required in present as well as in the future & balance their life ahead. The sixth session of Creative art was conducted by Mr. S. B. Patil & Dr. B. A. Kamalapurkar, where students actively participated in different skills like drawing, singing, construction of civil structure, designing automobiles using best

out of waste material. Students enjoyed this session a lot where they have touched different social issues. As according to the Blooms Taxonomy the psychomotor domain (learning by doing) is very effective. It would develop a sense of aesthetics and also enhance creativity which would, hopefully, flow into engineering design and curricular aspects further.

On the third and last day, in the seventh session Physical director Mr. Ritesh Bhokare conducted sports activity early in the morning when students can use their maximum potential. He also delivered a short speech on how sports are important for students along with academics which would help students to develop the team work amongst them. In the eighth session Mr. S. B. Patil delivered a speech on Universal Human Values where he made students aware of a role of an engineer, towards society, nation & universe as a whole. He also explained how Universal Human Values are important in life of student to explore themselves and allows students to express the joy of learning, stand up to peer pressure, take decision with courage, be aware of relationships with colleagues and supporting staff in the hostel and department, be sensitive with others etc. In the last and ninth session a visit in the nature was organized. Dr B. A. Kamalapurkar and Mr. J. S. Garud along with students visited Bhaje caves, near Lonavala. They also visited NGO Samparc Balgram Village, Bhaje which will make students understand how people actively participating towards the development of needy ones. This would also help students to familiarize them with the local area as well as expose them to the under privileged. Our student and FE faculty contributed for the welfare of the Sampark Bal gram Village.

Acknowledgement:

We are grateful to honorable Chairman Shripad Kuvelker sir and Dr. Bipin Sule sir for their constant inspiration & motivation to conduct various activities in the institution and Student Induction Program is one of those activities.

We would like to express our gratitude towards Principal Dr. J. B. Sankpal & Vice-Principal Prof. K. S. Tapaskar for their valuable guidance in making this event successful.

Our heartfelt thanks to Dr. H. G. Phakatkar for constant inspiration to the faculty members to attend the Faculty Development Program.

We are also thankful to all H.o.D.'s for their support and the guidance given in relevant engineering branches and various curricular and co curricular activities planned for academic year 2018-19 and also for the presentation regarding glimpses various activities conducted till date.

We are also thankful to administrative department for different arrangements.

Our heartfelt gratitude towards the student section and accounts section for bringing awareness regarding form filling, payment of fees, various scholarships, furnishing of documents time and again.

We are also thankful to estate department for availing transport facility to visit the nature and making available Shri. Shripad Kuvelker Seminar Hall for the event.

Our heartfelt thankful to NGO Sampark bal gram Village for giving us permission to visit.

Last but not least we are grateful towards all teaching and non-teaching staff of SRTTC-FoE college and the students of first year engineering Course for their kind cooperation in making this event fruitful.

Dear student

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course " **Experimental Physics III** ". We wish you an enjoyable and informative learning experience.

Details regarding the course:
Name of the course: Experimental Physics III
Course url: https://swayam.gov.in/nd1_noc20_ph09/preview
Course duration : 12 Weeks

The course will begin on 27th January, 2020 When content is released on the portal, you will get an email alerting you.

CONTENT AND ASSIGNMENTS

Every week, about 2.5 to 4 hours of videos containing content by the Course instructor will be released along with an assignment based on this. Please watch the lectures, follow the course regularly and submit all assessments and assignments before the due date. Your regular participation is vital for learning and doing well in the course. This will be done week on week through the duration of the course.
Please do the assignments yourself and even if you take help, kindly try to learn from it. These assignment will help you prepare for the final exams. Plagiarism and violating the Honor code will be taken very seriously if detected during the submission of assignments.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries.
Please make maximum use of this feature as this will help you learn much better.
If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

TO GET A CERTIFICATE - PROCESS AND CRITERIA:

The course is free to enroll and learn from. But if you want a certificate, you have to register and write the proctored exam conducted by us in person at any of the designated exam centres.
The exam is optional for a fee of Rs 1000/- (Rupees one thousand only).
Date and Time of Exams: 26th April, 2020 Morning session 9am to 12 noon; Afternoon Session 2pm to 5pm.
Registration url: Announcements will be made when the registration form is open for registrations.
The online registration form has to be filled and the certification exam fee needs to be paid. More details will be made available when the exam registration form is published. If there are any changes, it will be mentioned then.
Please check the form for more details on the cities where the exams will be held, the conditions you agree to when you fill the form etc.

CRITERIA TO GET A CERTIFICATE

Average assignment score = 25% of average of best 8 assignments out of the total 12 assignments given in the course.
Exam score = 75% of the proctored certification exam score out of 100
Final score = Average assignment score + Exam score

YOU WILL BE ELIGIBLE FOR A CERTIFICATE ONLY IF AVERAGE ASSIGNMENT SCORE >=10/25 AND EXAM SCORE >= 30/75. If one of the 2 criteria is not met, you will not get the certificate even if the Final score >= 40/100.

The course will begin on **27th January, 2020** When content is released on the portal, you will get an email alerting you.

CONTENT AND ASSIGNMENTS

Every week, about 2.5 to 4 hours of videos containing content by the Course instructor will be released along with an assignment based on this. Please watch the lectures, follow the course regularly and submit all assessments and assignments before the due date. Your regular participation is vital for learning and doing well in the course. This will be done week on week through the duration of the course.
Please do the assignments yourself and even if you take help, kindly try to learn from it. These assignment will help you prepare for the final exams. Plagiarism and violating the Honor code will be taken very seriously if detected during the submission of assignments.

ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

The announcement group - will only have messages from course instructors and teaching assistants - regarding the lessons, assignments, exam registration, hall tickets etc.
The discussion forum (Ask a question tab on the portal) - is for everyone to ask questions and interact.Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries.
Please make maximum use of this feature as this will help you learn much better.
If you have any questions regarding the exam, registration, hall tickets, results, queries related to the technical content in the lectures, any doubts in the assignments, etc can be posted in the forum section

TO GET A CERTIFICATE - PROCESS AND CRITERIA:

The course is free to enroll and learn from. But if you want a certificate, you have to register and write the proctored exam conducted by us in person at any of the designated exam centres.
The exam is optional for a fee of Rs 1000/- (Rupees one thousand only).
Date and Time of Exams: 25th April, 2020 Morning session 9am to 12 noon; Afternoon Session 2pm to 5pm.
Registration url: Announcements will be made when the registration form is open for registrations.
The online registration form has to be filled and the certification exam fee needs to be paid. More details will be made available when the exam registration form is published. If there are any changes, it will be mentioned then.
Please check the form for more details on the cities where the exams will be held, the conditions you agree to when you fill the form etc.

CRITERIA TO GET A CERTIFICATE

Average assignment score = 25% of average of best 8 assignments out of the total 12 assignments given in the course.
Exam score = 75% of the proctored certification exam score out of 100
Final score = Average assignment score + Exam score

YOU WILL BE ELIGIBLE FOR A CERTIFICATE ONLY IF AVERAGE ASSIGNMENT SCORE >=10/25 AND EXAM SCORE >= 30/75. If one of the 2 criteria is not met, you will not get the certificate even if the Final score >= 40/100.

Subject: Report on "Live Yoga Session in Covid-19 situation" held on 3rd June 2021.

Respected Sir,

Suman Ramesh Tulsiani Technical Campus Faculty of Engineering Khamshet, Maval, Pune has organized the event as "Live Yoga Session in Covid-19 situation" on 3rd June 2021 at 7.00 am. This event was conducted by Dr. Uttam Kalawane sir Yoga Teacher (Bhartiya Yog Sansthan) Professor and Head, Department of Civil Engineering, M.I.T. Aurangabad. Dr. Uttam Kalawane Sir and team shared the importance and practicing of Yog, Pranayam, Mudra, Dhyan and daily lifestyle. Also got tremendous response from students and faculty. The event was organized on online platform Google Meet.

Yoga is beneficial for all ages; it builds our immune system. Daily practice of yoga has so many benefits, it improves your flexibility, posture, keeps the joints healthy, reduces the blood pressure, controls obesity, reduces stress and helps one live a peaceful life. Yoga which has multiple health benefits. Start the yoga and experience the benefits of yourself.

We are very much thankful for constant support and motivation from respected Management and Principal Sir. We have attached some memorable event photos here.
