

## **Resource Mobilization Policy**

SRTTC, Pune has a clear and well-planned financial management structure, with the Government and Management providing the majority of funding. Resource Mobilization Policy is a way designed to formulate a transparent and well planned financial management system for mobilization of grants received from various funding sources. The resource mobilization policy focuses on attaining the institution's goals and targets while maintaining accountability and transparency.

SRTTC's source of income is fees collected from students, fees received from Social Welfare Department through scholarship and free ship, consultancy, grants received from Savitribai Phule Pune University under Student Welfare Scheme.

SRTTC, Pune prepares budget before 31<sup>st</sup> March of each year. This budget is presented before the Governing Body of trust. After getting approval of the Council, duly signed copy of Budget is handed over to the Accounts Section for utilization of funds.

Expenditure is done on salary of teaching and supporting staff, purchase of equipment, machinery and furniture, library books, e-subscriptions, electricity charges, group gratuity premium, consumables, software, Gymkhana-cultural, annual social gathering activities, telephone, internet bills, annual maintenance contract, repair and maintenance, faculty development programs, advertisement, affiliation and approval fees, printing & stationary, sanitation-housekeeping-gardening and security charges, educational tours, project expenses, postage and courier, uniform to supporting staff members and other miscellaneous expenses.

Efforts are made so as make regular payment of salaries of teaching and supporting staff. Efforts are made to match expenditure with income sources during the financial year. However deficit if any is borne by the Parent Trust. Regular monitoring of funds available with institute is done. Preference is given to procure new equipment for each department as per revised syllabus. Infrastructure requirements for improved teaching-learning process have given the first preference.

When new programs and centres are developed, funds are allocated to fulfil the institution's infrastructure needs. Seminars/workshops/expert talks/ departmental activities/Faculty development programs receive financial support from the management. Students' extracurricular activities are prioritized, and adequate funding is supplied for sports and cultural activities. Appointed Teaching staffs are eligible for provident fund (PF) and other benefits.

Thus the Governing Body, financial committee and management monitors the best use of finances for the advancement of a learner-centric ecosystem.
